3. A description of work performed to date as part of the contract and a full description of work to be performed during any future phasing of the contract.

The work includes furnishing professional services for Construction Administration Services during 2008-2010 on projects for the Division of Power and Water and the Division of Sewerage and Drainage. The work includes full time or part time construction administration services including resident project inspection for the specific project identified. In general the Consultant will respond to contractor's requests for information, respond to inquiries regarding the interpretation of the contract documents, review contractors claims for additional services and costs, review quality or materials/equipment substitutions and provide recommendations to the City, coordinate project submittals, schedule and chair progress meetings, and other services as directed by the City.

4. A narrative timeline for the contract including a beginning date, beginning and ending dates for known phases of the contract and a projected ending date.

Each contract will be for a duration of three years beginning in 2008 and ending in 2010. The specific duration of services on each project will be as negotiated between the contracting agency and the consultant.

5. An estimate of the full cost of the Contract including a separate estimate of any and all phases or proposed future contract modifications.
