3. **A full description of all work to be performed including a full description of work to be performed during any known phasing of the contract.**

Provide full-service assistance to the City by developing a Comprehensive Water Master Plan and a Water Distribution System Master Plan.

For the Comprehensive Water Master Plan, the selected professional service firm will conduct a broad assessment of Division of Power & Water's (Water) entire system and develop coordinated planning recommendations related to supply, treatment, water quality, and operations.

For the Water Distribution System Master Plan, the selected professional service firm will assess the adequacy of the current distribution system to meet present and projected hydraulic and water quality needs relative to the distribution system, and recommend future modifications and operational changes.

4. **A narrative timeline for the contract including a beginning date, beginning and ending dates for known phases of the contract and a projected ending date.**

Project duration will be 18 months after execution of contract.

5. **An estimate of the full cost of the Contract including a separate estimate of any and all phases or proposed future contract modifications.**

\$3,321,747.00 is the full cost of the contract. We anticipate that after conducting a series of workshops during the beginning of the project that a contract modification may be necessary to address topics not originally addressed in the contract. The cost of this modification will not be known until later in the project.
