 Subject: Re: Water Equipment List 2013 Fleet Approval

Thanks. We do not want to be piggy here
 We appreciate the effort

Guys,

I talked to our Leadership Team about the light/med duty CNG and they are OK this year to do a few of these, but they didn't plan enough funding for doing all of them. They did commit to increasing the amount for 2014.

Jim

On this list you have many ¾ tons can you do these in CNG? Also you have a chevy mentioned? if you can do the cng on the regular pick up add 16k on the other units add 30k that will have a tank module between the cab and body---these numbers are a little fat we are trying to bring them down.

John,
 Attached is Water's 2013 Vehicle/Equipment list. Please provide Central Fleets approval for the purchase of these in the coming year.
 Thanks,
 Jim
