5. **A full description of all work to be performed including a full description of work to be performed during any known phasing of the contract.**

Installation of 6-inch and 8-inch water lines and appurtenances inclusive of approximately 11,537 linear feet of open-cut trenching. The work also includes 245 water service transfers, 26 fire hydrants, and other such work as may be necessary to complete the contract in accordance with the plans and specifications set forth in the Bid Submittal Documents.

This project encompasses the following roads: Eastfield Drive, Marsdale Avenue, Westfield Drive, Eastbrook Drive, Frank Road, Gantz Road, Longwood Avenue, Chambers Avenue, South Central Avenue, and Midland Avenue.

Construction Administration / Construction Inspection will be performed by DLZ Ohio, Inc.

6. **A narrative timeline for the contract including a beginning date, beginning and ending dates for known phases of the contract and a projected ending date.**

Contract work is required to be completed in a manner acceptable to the City within 270 days from the date that a Notice To Proceed (NTP) is given by the City.

**7. A narrative discussing the economic impact or economic advantages of the project; community outreach or input in the development of the project; and any environmental factors or advantages of the project.**

The goal of this project is to replace water lines that have a high break frequency. The new lines constructed under this project should eliminate the pattern of frequent water line breaks and will decrease burden on water maintenance operations. The Neighborhood Liaison(s) will be contacted and informed of this project during the construction phase. Further community outreach may result through the Neighborhood Liaison Program.

**8. An estimate of the full cost of the Contract including a separate estimate of any and all phases or proposed future contract modifications.**

The bid amount and proposed award amount is \$2,164,955.30, including a 10% construction contingency amount that will be utilized to fund needed and approved changes in the work. No contract modifications are anticipated at this time; however, construction contingency might later compel modification of this contract, if unforeseen difficulties are encountered.
