Notes:

This EMC Maintenance Quote is subject to the terms and conditions specified in the (i) applicable signed, maintenance related agreement between EMC and Customer; or (ii) if none, to the appropriate, standard EMC maintenance related agreement in effect on the date of this Quote, a copy of which shall be made available upon request. Customer may accept this Quote by issuing a purchase order referencing this Quote to EMC for the items identified on the Quote. Once accepted, this Quote, including the payment obligations, becomes a binding order under the applicable agreement. The prices on this Quote (i) reflect the configurations, service levels and/or other characteristics set forth herein; and (ii) are valid until sixty (60) days after the date of this Quote. Please submit your acceptance to EMC before this price validity period ends in order to ensure your receipt of the pricing listed on this Quote. If Customer disconnects, or otherwise does not allow the use of such remote access capability, then EMC shall invoice, and Customer shall pay, the amount of EMC's then current, standard surcharge for all impacted products during the affected portion of the maintenance period. The maintenance period for each item shall start on the day immediately following the applicable Current Coverage Expiry Date and end on the applicable Renewal Coverage Expiry Date unless otherwise sooner terminated in accordance with the governing agreement. Any changes to the commencement, duration or expiration of a maintenance coverage period or to a configuration stated on this Quote require the approval of EMC.
