NETRAID Maintenance Agreement - Terms and Conditions

These TERMS AND CONDITIONS (this "Agreement") are agreed to as of the latest date indicated on the signature pages hereto, by and between NETRAID LLC, a Michigan limited liability corporation ("NETRAID"), and the undersigned ("Customer").

Effective Date   July 1st, 2017

By and between   City of Columbus Ohio   "Customer"
Located at   77 N Front Street
                        Columbus, OH 43215

and   NETRAID LLC   "NETRAID"
                        255 Wimpole Drive
                        Rochester Hills, MI 48309

in consideration of the promises made herein and intending to be legally bound, agree as follows:

1. Term
   a. This maintenance Agreement begins on July 1st, 2017 with an ending date of June 31st, 2018. If the Customer wishes to abridge the assigned ending date while this contract is in effect, NETRAID requires written notice 30 days in advance of the new ending date. Once written notice is received, NETRAID shall confirm the change with the Customer and the contract shall be abridged with the new ending date.
   b. Agreements with an annual value of less than $5000 are understood to be non-cancellable, non-changeable, and non-refundable (unless otherwise noted).

2. Maintenance Services
   a. NETRAID shall provide maintenance on the equipment listed on the Equipment Schedule attached to this Agreement. In addition, NETRAID shall provide unscheduled remedial maintenance (on-call break/fix service) as and when needed.
   b. Services required to be initiated beyond service hours contracted for will be billed at NETRAID per call rates and terms then in effect. Maintenance will include labor and replacement of all parts deemed necessary for proper operation of equipment covered.
   c. NETRAID service liability shall be limited to restoring the equipment covered to good and operating condition. Only authorized NETRAID staff or third parties shall service the equipment covered and should the equipment sustain any damage as a result of service by staff other than NETRAID, NETRAID restoration of the equipment will be billable.
   d. Although a third party may be used as a source to provide the maintenance and related installation of the equipment listed, NETRAID is responsible for any hardware related expenses and for time and materials charges for equipment listed on the Equipment Schedule.
   e. The Customer shall notify NETRAID, in a reasonable period of time, of equipment failure, and shall allow NETRAID staff or third parties full and free access to the equipment and use of necessary equipment, machines, and devices in the Customers possession. Upon contact, NETRAID shall immediately choose the best and quickest course of action to pursue, pertaining to the existing problem or concern.
   f. Maintenance services required, in the reasonable opinion of NETRAID, because of problems external to the equipment or due to causes other than normal wear and tear, are not covered. If agreed by Customer in writing prior to being performed, such services will be billed at NETRAID per call rates and terms then in effect. Maintenance service does not include operating supplies, consumable items (such as batteries, laser maintenance kits, printer bands, etc.), or electrical work external to the equipment.
   g. NETRAID shall provide reactive firmware updates deemed necessary for normal operating condition and/or as a troubleshooting step when returning defective or downed equipment to normal operating conditions. Firmware must be obtainable by Customer or publicly available as provided by OEM.
   h. Customer agrees that NETRAID (or its affiliates) may act as customer's agent if customer requires NETRAID to use or implement any OEM tools, diagnostics, firmware, microcode, or software for which the customer is legally licensed to use and exclusive to the devices for which those licenses apply.
   i. Due to battery capacity deterioration and age-related degenerative effects over time, batteries will be provided to the Customer on an as-requested basis and shipped using overnight, next business day service unless otherwise specified by NETRAID.
   j. To be eligible for service by NETRAID, all equipment must be listed on the appropriate Equipment Schedule. All equipment covered by NETRAID must be in good working condition and meet the manufacturer's' minimum equipment configuration requirements and specifications. All equipment is assumed to be in good, working condition and fully functional prior to the start of this maintenance agreement.

      k. NETRAID shall provide onsite spares free of charge to the Customer. These onsite spares remain NETRAID property until they are used as a replacement. Parts, which have been replaced, shall become the property of NETRAID. Any unused onsite spares shall be returned to NETRAID upon contract termination.

      l. Customer will be responsible for the cost of any missing or unauthorized use of onsite spares while in possession of onsite spares. Missing onsite spares will be billed to Customer at current retail rates.

3. Access to Equipment

      a. NETRAID's maintenance personnel, affiliated personnel, subcontractors, and personnel authorized by NETRAID to perform, shall have access to the equipment in coordination with Customer IT personnel.

4. Fees

      a. Maintenance and other recurring fees shall be invoiced annually in advance (unless otherwise noted) and are due on the first day of the service period for which the invoice is rendered. Any increase in maintenance or other recurring fees must be disclosed in writing at least thirty (30) days prior to the effective date of the increase and will become effective unless rejected in writing.

      b. NETRAID reserves the right to suspend or terminate maintenance and recurring services if such fees are not timely paid. Fees and expenses other than maintenance and other recurring fees shall be payable net 30 days.

      c. Late payments for such fees and expenses shall accrue interest, including without limitation post-judgment interest, at 5% per month.

5. Exclusions

      a. NETRAID is not responsible for repairing damage resulting from, or furnishing parts required as a result of, causes other than ordinary wear and tear including, without limitation, neglect, misuse (including faulty repair or maintenance by unauthorized parties), accidents, failure of electrical power, air conditioning, humidity control, or acts of God.

6. Charges

      a. The Equipment Schedule may be modified upon fourteen (14) days prior written notice and all corresponding fee changes approved by Customer in writing prior to being reflected in the subsequent billing cycle.

      b. The Customer shall be responsible for contacting NETRAID at the time a piece of covered equipment is sold and/or retired. A rebate will be calculated and the monthly or yearly maintenance cost will be adjusted and/or refunded.

      c. No increase in maintenance rates shall occur while this contract is in effect.

Understood, Agreed & Accepted

IN WITNESS WHEREOF, the parties hereto have duly executed this Agreement effective as of the effective date date above:
