RE: Victorian Village Commission – Member Position Term Extension

Dear Mr. Black,

This letter is to formally express my interest of being considered for a term extension of my current position as a member of the City of Columbus Victorian Village Commission.

Currently a resident of the Victorian Village Neighborhood since 2000, I see this as a great opportunity to demonstrate my commitment to the community in a way that marries my professional expertise as an architect with the personal connection and concern for this specific neighborhood. It would be a privilege to continue to serve the community in which I live by upholding the duty of the Commission, whose purpose is to protect and enhance the unique architectural and historical features of the Victorian Village Historic District.

Please see attached my resume, which further illustrates my experiences and qualifications.

Thank you in advanced for your consideration.

Sincerely,

Shawn D. Conyers, AIA, NCARB
Senior Associate, Architect
