- 4. Complete address, contact name, phone number, e-mail address, and original Contract Number for the successful bidder only.**

URS Corporation - Ohio
 277 West Nationwide Blvd., Columbus, OH 43215
 Brian Schmude, P.E., (614) 464-4500, brian.schmude@aecom.com
 EL015129

- 5. A description of work performed to date as part of the contract and a full description of work to be performed during any future phasing of the contract. The planning area should also be listed as well as any street or neighborhood names.**

URS Corporation prepared a complete set of drawings and contract documents for the demolition of the existing station and the construction of a new booster station on a proposed site adjacent to the existing booster station site. Construction is ongoing and scheduled for an October 2018 completion date.

This Contract Renewal (No. 1) is for the Operations and Maintenance (O&M) Ready process which provides for the O&M personnel to be fully informed and have the necessary information to immediately

ORD #1569-2018

begin O&M on equipment upon turnover to the City. The Consultant’s responsibilities for the O&M ready process will include gathering all necessary O&M data and inputting data into spreadsheets/templates so that information can be imported into Department of Public Utilities’ Oracle WAM computerized maintenance management system.

This project is located in the Hilltop Community Planning Area.

6. An updated contract timeline to contract completion.

The original agreement was executed in 2013.

Renewal No. 1 (current) (O&M Ready Services) will have a duration of approximately 4 months. All work by the consultant under this contract will be completed in 2018.

7. A narrative discussing the economic impact or economic advantages of the project; community outreach or input in the development of the project; and any environmental factors or advantages of the project.

By completing this project, the Mound Street Booster Station will be rebuilt with new equipment including pumps, motors, and electrical equipment. This booster station is critical to meet peak demands of the Mound District area of the water distribution system. The project will incorporate measures such as energy efficient lighting to reduce the energy demand of this facility. The Hilltop Area Commission was informed of the project during the design.

8. A description of any and all renewals to date including the amounts of each modification and the Contract Number associated with any modifications to date. (List each modification separately.)

There have been no previous Contract Modifications or Renewals for this project.

9. A full description of the work to be performed as part of the proposed contract renewal. (Indicating the work to be a logical extension of the contract is not sufficient explanation.)

See No. 5, 2nd paragraph above.

10. An explanation of why the work to be performed as part of the contract renewal cannot be bid out. (Indicating the work to be a logical extension of the contract is not sufficient explanation.)

URS Corporation is reviewing all construction submittals including operation & maintenance manuals. Their knowledge of the project and involvement since the planning stage allows for the most efficient completion of this work. This renewal was fully anticipated and explained in the original legislation under Ordinance No. 2362-2013.

11. A cost summary to include the original contract amount, the cost of each renewal to date (list each renewal separately), the cost of the renewal being requested in the legislation, the estimated cost of any future known renewals and a total estimate of the contract cost.

Original Contract (EL015129):	\$241,985.63
Contract Renewal No. 1 (current):	\$ 38,727.00
TOTAL:	\$280,712.63

12. An explanation of how the cost of the renewal was determined.

A cost estimate, including labor hours, was provided by the consultant and deemed acceptable by the Division of Water.
