Terms and Conditions

Customer will be invoiced after indicating acceptance of this quote. Standard hourly ACS engineering fees (for services in addition to those provided as part of the above) will be charged at $225.00/hour (1 hour increments, with a minimum of 2 hours). The support fees are payable annually or quarterly prior to delivery of services and goods by Licensee upon execution of this Agreement. Any additional fees and charges will be billed by ACS to Licensee by invoice.
