- 5. A full description of all work to be performed including a full description of work to be performed during any known phasing of the contract. The planning area should also be listed as well as any street or neighborhood names.**

The purpose of this project is to construct necessary improvements to the water distribution system in the Thomas Lane area. The improvements identified in the scope of work will replace water lines that have high break histories and require frequent maintenance.

This project includes construction of approximately 1,360 linear feet of 6-inch water main, and other such work as may be necessary to complete the contract in accordance with the Invitation For Bid (IFB).

Planning area – “West Olentangy” and includes the following streets: Annadale Dr., Martindale Blvd., and Olentangy River Rd.

- 6. A narrative timeline for the contract including a beginning date, beginning and ending dates for known phases of the contract and a projected ending date.**

Contract work is required to be completed in a manner acceptable to the City within 90 days from the date that a Notice to Proceed (NTP) is given by the City. The City anticipates issuing a Notice to Proceed on or about August 31, 2018.

7. **A narrative discussing the economic impact or economic advantages of the project; community outreach or input in the development of the project; and any environmental factors or advantages of the project.**

The goal of this project is to replace or rehabilitate the existing 6-inch water line that has a high break frequency. Replacement of this water line will improve water service, decrease burden on water maintenance operations, and reduce water loss. The Neighborhood Liaison(s) has been contacted and informed of this project. Further community outreach may result through the Neighborhood Liaison Program.

8. **An estimate of the full cost of the Contract including a separate estimate of any and all phases or proposed future contract modifications.**

The bid amount and proposed award amount is \$445,618.62, including a 15% construction contingency amount that will be utilized to fund needed and approved changes in the work. No contract modifications are anticipated at this time; however, construction exigency might later compel modification of this contract, if unforeseen difficulties are encountered.

Cost summary:

Original Contract	\$445,618.62
Future Anticipated Needs	\$ 0.00
CONTRACT TOTAL	\$445,618.62
