## Experience Letter

Bhayana Brothers LLC is in Pittsburgh, Pennsylvania. The development of this company is to fulfill the needs of our reliable customers. Our customers range from Federal Agencies to small municipalities in USA. Bhayana Brothers was established in 2008 and continues to rapidly progress.

Bhayana Brothers LLC provides a single-source procurement solution and coordinated supply of maintenance, repair, and operating (MRO) products to a variety of customers.

Company has been doing business with Department of the Navy, Department of the Army, Department of Homeland Security, Department of the Airforce, Department of Justice, Nasa, City of Columbus OH, Westchester County NY and Other local/state Agencies and have almost done 2700 Contracts in last 10 years.

Some of the contracts, had the setup, training in place and those have been completed successfully with the help of manufacturers and their reps/distributors. We have done 4-5 projects in Columbus OH itself which had the same requirements ie installation/set up/training.

We have good working relations with Gray USA and we have been selling their products from time to time mainly to Westchester County and Rockland County NY. We have bought these goods straight from the manufacturer couple of times and from their distributors other time.

We do not anticipate any issues successfully completing the upcoming project for Columbus OH with the help of Manufacturer for installation and training.

65 W. Manilla Avenue  
Pittsburgh PA 15220  
USA
