## KeyTracer has Rebranded

Dear Brent C.,

We're reaching out to inform our Valued Partners and Clients that **KeyTracer Systems Inc.** has undergone a corporate rebranding. The company is now called **Real Time Networks Inc.**

The objective of having a new corporate identity is to better position the company for long-term growth and expanding its product offering. **KeyTracer** will remain the flagship product brand for its industry-leading key management systems under the new Real Time Networks corporate entity.

Please note: We have updated email addresses across the company. You can still communicate with us using our existing `name@keytracer.com` email addresses; but the reply will come from a `firstname.lastname@realtimenetworks.com` email address.

**To avoid our communications going to spam, you may have to add our new emails to your "safe sender" list if you had to do so in the past for KeyTracer.**

You can still contact us using the same phone number: **1-800-331-2882**

In addition to KeyTracer Key Control Systems, Real Time Networks offers a new line of modular asset lockers, key exit alarm systems, key and asset location solutions, metal detectors, and x-ray scanners, --all connected via our powerful RTNHub software. Learn more: [www.realtimenetworks.com](http://www.realtimenetworks.com)

We are excited at this shift in focus and to demonstrate our dedication to continuous innovation and exceptional customer service.

Thank you,

**Shannon Arnold**
