**Jeff Woodson, Resident of Chesapeake Farms, 853 Cove Point Dr., Columbus OH 43228,  
614-204-8968, jwoodson@csc.edu**

I am a life-long resident of central Ohio. I was born and raised in Marysville, received a B.S. in Industrial Engineering from Kent State University and an M.S. in Industrial & Systems Engineering from Ohio State University. I am professor and program coordinator in the Engineering Technologies department at Columbus State Community college and have been employed there since 1990. I have lived in either Hilliard or the far west side of Columbus for the past 25 years. I am married and my wife (Carrie) and I have one child, a daughter, who is in graduate school at Ohio State. I served on the Westland Area Commission when we lived in Gallo-way in the early 2000's and currently serve on the Education First Credit Union Foundation Board and the Tolles Career and Technology Center Engineering Program Advisory Committee. I believe we have a great community and that an area commission formed to serve it could do many great things to improve the quality of life for all who live in it.
