Hardship statement for 6181 Thompson St CV19-021

The applicant wants to create a more walkable environment by bring the building and parking closer to the street. The perimeter yard reduction along the east side for parking is the result of topography of the site. The site plan was adjusted to keep the buildings away from the ravine which moved everything toward the east. The east parking spaces backs up to a railroad line so the reduction will not have a negative effect on that property owner. The south perimeter yard faces the alley. When you move the buildings forward to create a streetscape, then the parking spaces backs onto the alley. As for the west perimeter yard there is a small point at the end of the alley where the perimeter yard goes to just 20 feet because of the proposed land transfer to the Masonic Temple next door. There is an existing single-family house and barn on the site. The applicant wants to relocate a second single family house to the site .The location of the east building and the parking spaces at the alley and Thompson Rd create clear vision issues. The building location has a minor conflict and the traffic going north on Thompson St. pass the driveway is minimal because it leads only to the two single family homes. The parking spaces on the alley will have visibility to oncoming traffic. The granting of these variances will not have a serious effect on adjoining property or the general welfare. In allowing the two single family houses and the barn, the variance will not impair an adequate supply of light and air to the adjacent property, unreasonably increase the congestion of public streets, increase the danger of fires, endanger the public safety, unreasonably diminish or impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus.

Variances for 6181 Thompson Street CV19-021

Section 3333.18 Building Lines: to reduce the building setback from Thompson Street from 25 feet to zero.

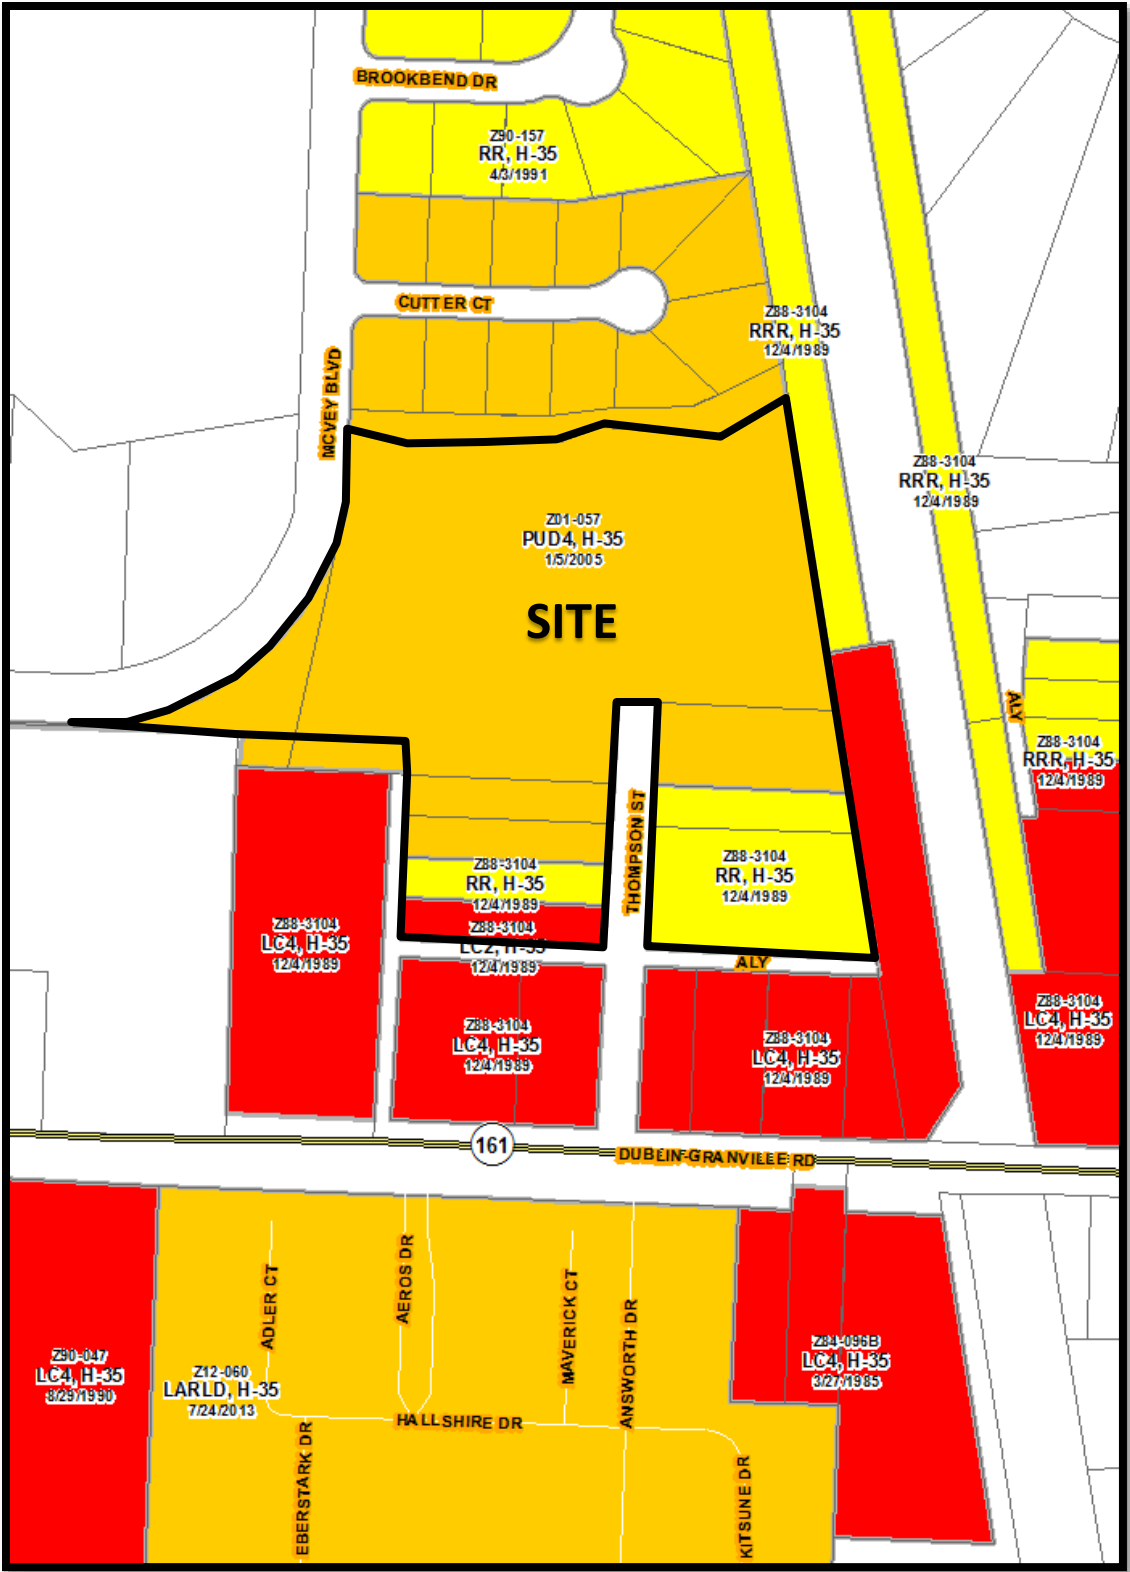

Section 3312.27 Parking Setback Line: to reduce the parking setback from Thompson Street from 25 feet to zero.

Section 3333.255 Perimeter Yard: to reduce the east perimeter yard from 25 feet to 5 feet for parking, to reduce the west perimeter yard from 25 feet to 5 feet for building and to reduce the south perimeter yard from 25 feet to zero for parking.

Section 3333.02 AR-12, ARLD and AR-1 apartment residential district use: to permit two single family dwelling units (one existing and one relocated) and a barn (existing).

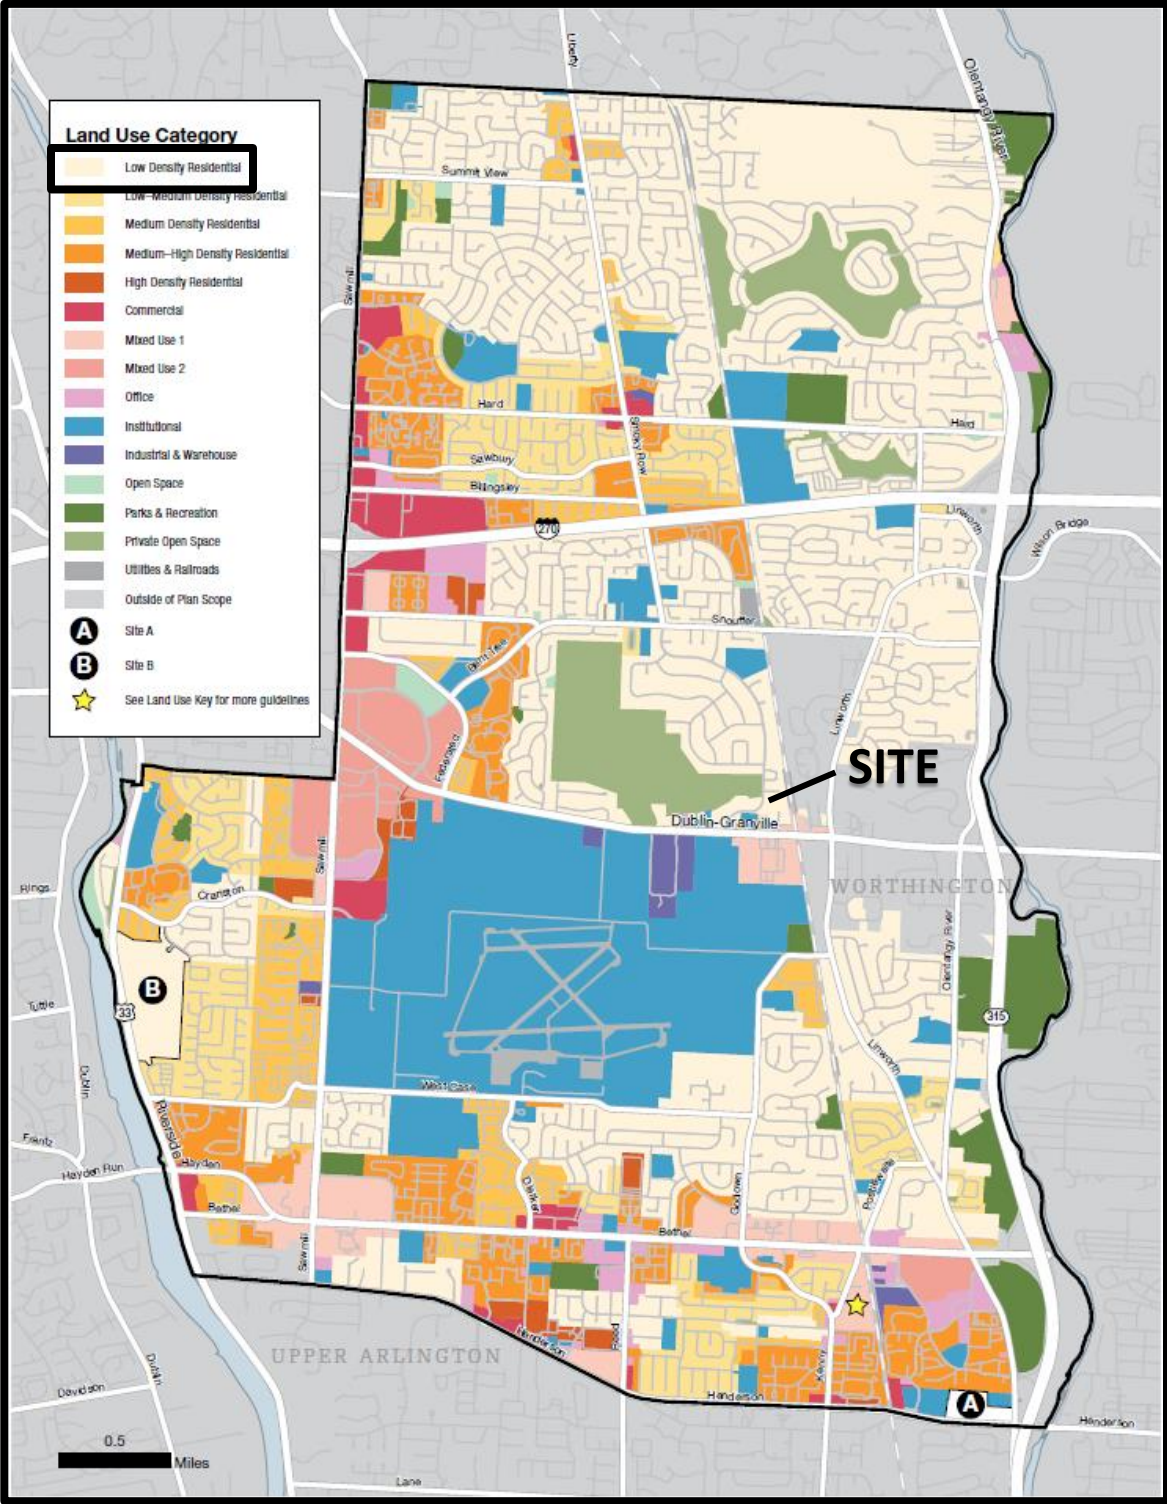

Section 3321.05 Vision clearance: to permit parking spaces and part of a building to encroach into the vision clearance triangle.
