BACKGROUND

This legislation amends Ordinance No. 3296-2022, passed on December 12, 2022, to appropriate additional funds to the grant agreement with Columbus Housing Partnership, Inc. (aka "Homeport") for Easton Place Homes Phase II development. This amendment also authorizes the filing of a restrictive covenant for the project, allowing for some units to be utilized for the City's HOME match requirement which is an obligation for the City's HOME entitlement allocation. Additionally, Columbus Housing Partnership, Inc., may assign some or all duties and responsibilities under the bond agreement to the project owner, Easton Loop Apartments II, LLC.

The original Ordinance No. 1821-2022 passed on July 11, 2022, authorized the Director to enter into a Housing Development Agreement for the total contract amount of \$4,800,000.00 and a grant agreement for \$2,250,000.00 coming from the 2021 Capital Budget with Easton Loop Apartments II, LLC. Upon further discussion, the correct recipient should have been the Columbus Housing Partnership, Inc., (aka "Homeport"), so an amendment to the original ordinance was established and was authorized by Ordinance No. 2484-2022 passed on September 19, 2022.

The original ordinance established an ACPO007959 in the amount of \$2,250,000.00 utilizing Affordable Housing bond funds coming from the 2021 Capital Budget. A second amendment, authorized by Ordinance No. 3296-2022, passed on December 12, 2022, provided the remaining \$2,550,000.00 from the City's 2022 Capital Budget through a bond agreement funded temporarily with the Special Income Tax Fund until bonds could be issued (the "Bond Funded Grant Agreement").

This ordinance authorizes an amendment to allow the establishment of an additional amount of \$1,250,000.00 from the City's 2023 Capital Budget ("Third Amendment"), bringing the total amount of established funds to \$6,050,000.00; \$2,250,000.00 coming from the 2021 Capital Budget, \$2,550,000.00 coming from the 2022 Capital Budget, and \$1,250,000.00 from the 2023 Capital Budget (collectively, the "Project Costs").

This ordinance also will authorize the filing of a restrictive covenant with the project, allowing for some units to be utilized for the City's HOME match requirement which is an obligation for the City's HOME entitlement allocation. The Lender, Columbus Housing Partnership Inc., may assign some or all duties and responsibilities under the Bond Funded Grant Agreement to the project owner, Easton Loop Apartments II, LLC, as necessary.

Easton Place Homes Phase II is a proposed 100-unit apartment development for families located at Easton Square Place and Charter Oak Way in Columbus, Ohio. The 4.65-acre parcel will be split to create lots on which approximately 200 units of affordable housing will be developed in three phases. Easton Place Homes Phase II is located directly south of the market rate townhomes facing Easton Way, which is the southern boundary of the premier retail/restaurant/entertainment district in Columbus. Major employers, such as JPMorgan Chase and Huntington Bank, employ thousands within walking distance-census data from 2018 indicates 24,000 jobs within a mile of the site-making this an extremely convenient location in all respects.

The property will consist of four 3-story apartment buildings with a combination of townhomes and stacked flats. Easton Place Phase II will offer a mix of 24 one-bedroom, 59 two-bedroom, and 17 three-bedroom apartments. Community space includes a community room with kitchenette, fitness room and management office. Easton Place will serve a mix of income levels from 30% AMI to 60% AMI (the "Easton Phase II Project"). Depending on final utility allowances, net rents for the different unit sizes are estimated at \$360-830 for one-bedroom, \$430-995 for two-bedroom and \$485-1135 for three-bedroom apartments.

Easton Place Homes is owned and developed by Homeport (aka Columbus Housing Partnership, Inc.) and The Georgetown Company. Homeport is a non-profit housing developer based in Columbus, Ohio. Since its inception in 1987, Homeport has given greater security, opportunity and dignity to thousands of low income people by building quality, affordable homes, primarily financed with private investment leveraged by Federal tax credits. Homeport has established itself as the largest locally focused nonprofit producer of affordable housing and related services in the region. For more than 30 years Homeport has participated in the development, sale or preservation of more than 4,000 units of housing in Central Ohio.

Emergency justification is requested for this ordinance as this project is scheduled to close its financing and start construction in early September. In order to close its financing, other sources want to see all funds firmly committed, including City funding. City funding cannot be firmly committed if this ordinance passes as not effective until 30 days after the Mayor signs. Delaying the closing results in additional carrying costs to the project, the threat of additional construction cost increases that are not budgeted for, fewer days of good weather to allow for outside work to be accomplished before winter weather sets in that will in turn result in additional carrying costs and the threat of additional construction costs increases. Approximately 81% of the total development cost is covered with equity generated from the low income housing tax credits awarded by the State to the project. The pricing of credits is dependent on market conditions including an estimated completion and rent up date. If the project is delayed in closing its financing and starting construction, it may have to pay a credit adjuster to the equity investor for late completion causing additional financial harm to the project.

CONTRACT COMPLIANCE: the vendor number is 004842 and expires 03/14/24.
