1. BACKGROUND

This ordinance authorizes payment for utility relocation work as needed by American Electric Power, AT&T, Spectrum (aka Charter Communications), Verizon, and other utilities (or companies hired by utilities to perform utility relocation work) for the North Market Streetscape - Utility Relocation Design project in an amount up to \$4,700,000.00.

The Public Service Department is engaged in the North Market Streetscape - Utility Relocation Design project. This project consists of the relocation of public utilities in the Arena and Convention Center Districts. Existing aerial facilities will be relocated underground on Vine Street, Spruce Street, Park Street, and Swan Street. A joint user duct bank system will be installed to relocate private utilities underground. Improvements also include the replacement of water main in Armstrong Street and Park Street, resurfacing, replacing sidewalks, and street lights.

In the course of effecting roadway improvements, it is sometimes necessary to force the relocation of utilities from privately held easements or place overhead utilities underground to promote public health, safety and welfare including the economic development of the City. It is necessary to move utilities to complete this project.

The funding request for utilities relocation reimbursement is based upon estimates from the utilities. The utilities will invoice the City for actual costs incurred in relocating the utilities. The amount needed may exceed the amount requested in this ordinance. Additional legislation will be submitted by the Department of Public Service if additional funds are needed to complete the relocations.

2. FISCAL IMPACT

Funding in the amount of \$4,700,000.00 is available within the Streets and Highways Bond Fund within the Department of Public Service. An amendment to the 2023 Capital Improvements Budget and a transfer of funds and appropriation are necessary to align funding for these project expenditures. Funds are appropriated.

To amend the 2023 Capital Improvement Budget; to authorize the transfer of funds and appropriation within the Streets and Highways Bond Fund; to authorize the Director of Public Service to pay utility relocation costs to various utilities for the North Market Streetscape - Utility Relocation Design project; and to authorize the expenditure of up to \$4,700,000.00 for utility relocations for this project. (\$4,700,000.00)

WHEREAS, the City of Columbus is concerned with the use of the various rights-of-way areas in the City as such rights-of-way areas represent a valuable and limited resource that must be utilized to promote the public health, safety and welfare including the economic development of the City; and

WHEREAS, utility relocations must be completed before construction can begin; and

WHEREAS, the Department of Public Service requires funding to be available for utility relocation expenses for the North Market Streetscape - Utility Relocation Design project; and

WHEREAS, this ordinance authorizes funding in the amount of \$4,700,000.00 for that purpose; and

WHEREAS, it is necessary to authorize an amendment to the 2023 Capital Improvement Budget for the purpose of providing sufficient spending authority for the aforementioned project expenditure; and

WHEREAS, it is necessary for Council to authorize a transfer of funds and appropriation within Fund 7704, the Streets and Highways Bond Fund, to establish sufficient cash to pay for the project; **now, therefore**
