The Department of Public Utilities entered into a contract with Shelly Materials, Inc. for the Disposal of Clean Fill. This project provides for a disposal site within Franklin County for the disposal of clean fill from pipe repair excavations for the Divisions of Power and Water and Sewerage and Drainage. This contract was the result of a Director's bid received on February 10, 2010 (SA003481). Shelly Materials, Inc. was the lowest, responsive and responsible bid received and met all requirements of the specifications. The original contract was for a period of one year with three one year renewal options. The Department requests authorization to enter into a planned modification for the second extension of the original contract, for a grand total of \$100,000.00.

The company is not debarred according to the Excluded Party Listing System of the Federal Government or prohibited from being awarded a contract according to the Auditor of State Unresolved Findings for Recovery Certified Search.

Contract Compliance: 31-1574851, expires January 29, 2012
Shelly Materials, Inc. does not hold MBE/FBE status.

1. Amount of additional funds: The amount of additional funds needed for this contract is \$100,000.00. The original contract was established for \$100,000.00. The total cost of the original contract and all modifications is \$200,000.00. The modification represents funding added during the contract period for costs related to the services provided. The need for increased funding is to cover anticipated contract billings during fiscal year 2011.
2. Reason additional needs were not foreseen: The need for additional funds was foreseen, an extension is provided for in the original contract. This legislation is to encumber the funds budgeted for fiscal year 2011 for the Division of Power and Water and the Division of Sewerage and Drainage.
3. Reason other procurement processes not used: The same exact service is required as originally bid. No lower pricing/more attractive terms and conditions are anticipated at this time.
4. How cost was determined: The cost, terms and conditions are in accordance with the original agreement.

FISCAL IMPACT: \$100,000.00 is budgeted and needed for this purchase. This ordinance is contingent on the passage of the 2011 operating budget.

The following amounts were encumbered in 2008 and 2009 for similar services:
2008: \$20,000 Water; \$40,000 Sewerage
2009: \$60,000 Water; \$30,000 Sewerage
