Council Variance Application: CV07-028

APPLICANT: Colleen Boldizar; c/o Don W. Baltosser, Agent; 415 Parkview Avenue; Bryan, Ohio 43506.

PROPOSED USE: Single-family dwellings.

UNIVERSITY AREA COMMISSION RECOMMENDATION: Approval.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The site is developed with three single-family residences on one lot in the AR-1, Apartment Residential District. The applicant requests a Council variance to split the property into three separate single-family lots to allow the individual lots to be sold. The AR-1, Apartment Residential District allows single-family dwellings only on lots established prior to January 14, 1959, or lots that were platted before July 16, 1986. The requested variance would conform the existing dwellings and create lot sizes in character with the surrounding neighborhood. Variances include reductions to front and side-yard setbacks, lot width, and parking requirements. The site is located within the planning areas of the *Weinland Park Neighborhood*

Plan (2006) and the *University Neighborhoods Revitalization Plan (1996)*, both of which support single-family residential uses at this location.

To grant a Variance from the provisions of Sections 3333.02, AR-12, ARLD and AR-1, Apartment residential district use; 3333.09, Area requirements; 3333.18, Building lines; 3333.23, Minimum side yard permitted; 3342.15, Maneuvering; 3342.18, Parking setback line; 3342.28, Minimum number of parking spaces required; and 3372.521 (D) (E), Supplemental parking requirements, of the Columbus City Codes; for the property located at **1283 SUMMIT STREET (43201)**, to permit three separate single-family lots with reduced development standards in the AR-1, Apartment Residential District (Council Variance # CV07-028).

WHEREAS, by application #CV07-028, the owner of the property at **1283 SUMMIT STREET (43201)**, is requesting a Variance to permit three separate single-family lots with reduced development standards in the AR-1, Apartment Residential District; and

WHEREAS, Section 3333.02, AR-12, ARLD and AR-1, Apartment residential district use, does not permit single-family dwelling use on newly-created parcels, while the applicant proposes to split a lot developed with three existing single-family dwellings into three separate lots; and

WHEREAS, Section 3333.09, Area requirements, requires that no building shall be erected or altered on a lot with a width of no less than fifty (50) feet, while the applicant proposes a lot widths of 31.12 feet for Lot 1, 37.15 feet for Lot 2, and 31.0 feet for Lot 3; and

WHEREAS, Section 3333.18, Building lines, requires a twenty-five (25) foot building line, while the applicant proposes 17.9 foot building lines along Summit Street for Lots 1 and 2, a zero (0) foot building line for Lot 1 along Sixth Avenue, and an 9.6 foot building line along Sixth Avenue for Lot 3; and

WHEREAS, Section 3333.23, Minimum side yard permitted, requires a side yard of no less than five (5) feet, while the applicant proposes a zero (0) foot side yard for the parking area along the south property line of Lot 1, a 2.9 foot side yard for the existing dwelling and a zero (0) foot side yard for the parking area along the north property line of Lot 2, and a 1.8 foot side yard along the west property line of Lot 3; and

WHEREAS, Section 3342.15, Maneuvering, requires that every parking and loading space shall have sufficient access and maneuvering area which may occur anywhere on a lot, while the applicant proposes access and maneuvering to occur on Lot 1 for the parking spaces on Lot 2; and

WHEREAS, Section 3342.18, Parking setback line, requires a twenty-five (25) foot parking setback line, while the applicant proposes a zero (0) foot parking setback line for the existing parking lot along East Sixth Avenue for Lot 1; and

WHEREAS, Section 3342.28, Minimum number of parking spaces required, requires two (2) parking spaces per dwelling unit, while the applicant proposes zero (0) on-site parking spaces for Lot 3 but will provide one (1) parking space on Lot 1; and

WHEREAS, Section 3372.521(A) and (E), Supplemental parking requirements, requires that no parking or maneuvering shall be permitted in any required side yard, and that each parking area be separated from required yards or landscaped areas by a continuous eight (8) inch high curb or other permanent barrier, while the applicant proposes parking in required side yards and no separation of parking areas between Lot 1 and Lot 2; and

WHEREAS, this variance will permit three separate single-family lots with reduced development standards in the AR-1, Apartment Residential District; and

WHEREAS, the University Area Commission recommends approval; and

WHEREAS, City Departments recommend approval because the requested variances would conform the existing dwellings and create lot sizes in character with the surrounding neighborhood, and are supported by the land use recommendations of both the *Weinland Park Neighborhood Plan (2006)* and the *University Neighborhoods Revitalization Plan (1996)*; and
