This ordinance amends current authorized strength, as set forth in ordinance 1306-2014, by moving four positions associated with Public Safety communications to the Department of Technology, adding one technology-related civilian position to Public Safety ~~with a concurrent reduction of one uniformed Police position~~, adding one position to Development in the Land Redevelopment Office, and reducing the overall strength level in the Department of Public Service.

The strength levels for most general fund agencies are set to be equal to the 2014 budget as amended by City Council (including the Recreation and Parks Department). Authorized strength levels of smaller non-general fund agencies are set to be equal to the adopted 2014 budget as amended, while the strength levels of certain larger non-general fund agencies may have their strength set slightly higher to allow for flexibility in hiring.

As part of the ongoing transition of designated technology functions from the Department of Public Safety to the Department of Technology, four positions will move from the Division of Support Services within Public Safety to the Information Services Division within Technology. Further, the Department of Public Safety will add one technology-related civilian position within the Division of Police, ~~while reducing the uniformed strength level by one Police Commander position.~~

The Department of Development is adding one position in the Land Redevelopment Office. The position will manage the technical and legal processes associated with the demolition of vacant and abandoned properties, including the future disposition of the remaining parcels. The position will be funded via the city's Land Management Fund.

The Department of Public Service is reducing overall strength by 16 positions, to account for 13 intern positions that are not subject to authorized strength restrictions as well as three full-time positions that will remain vacant. Other modifications to strength levels within divisions are a function of the department's recent reorganization and the need to move staff to areas of demand.

Fiscal Impact: Funds for these strength increases are budgeted and/or the positions will not be filled until revenues have been clearly identified and appropriated. In all cases, the ability to hire will be monitored by the Division of Finance and Management. As such, there is no negative fiscal impact associated with passage of this ordinance.

Emergency Justification: Emergency action is requested to allow for the expedited transition of designated Department of Public Safety technology and communications functions to the Department of Technology, for the preservation and maintenance of public health, safety, and welfare.

To establish a new authorized strength ordinance for various divisions in the City of Columbus to be consistent with the adopted 2014 budget; to repeal ordinance 1306-2014; and to declare an emergency.

WHEREAS, the Mayor's Executive 2014 budget was submitted to City Council on November 15, 2013 for consideration; and

WHEREAS, City Council adopted said budget on February 3, 2014; and

WHEREAS, this ordinance amends authorized strength ordinance 1306-2014 to transfer positions between the Department of Public Safety to the Department of Technology, ~~to eliminate one authorized, uniformed position in the Division of Police~~, to provide supplemental authority for staff positions in the Departments of Public Safety and Development, to transfer positions within divisions and to reduce the overall strength level for the Department of Public Service, and to be consistent with the 2014 adopted budget as amended; and

WHEREAS, an emergency exists in the usual daily operation of the City of Columbus in that it is immediately necessary to establish a new authorized strength ordinance to provide for the efficient operation of the city, and for the immediate preservation of the public health, peace, property, safety and welfare; **NOW, THEREFORE**,

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS

SECTION 1. That pursuant to Section 14 of the City Charter, the maximum number of officers and employees authorized to be employed within the various Departments, Boards and Offices of the City and hereby fixed and established as follows:
