BACKGROUND:

This legislation will authorize the Director of the Department of Technology on behalf of the Department of Public Safety, Division of Police, to enter into a three (3) year contract/ agreement from January 1, 2019 through December 31, 2021 with Motorola Solutions, Inc. for software maintenance and support on the PremierOne Records Computerized Crime Data Reporting System. The contract was most recently authorized under ordinance 2155-2018 passed July 23, 2018 through PO137175. This ordinance will authorize the first year of the three year contract with a term period from January 1, 2019 through December 31, 2019, at a cost of \$284,426.00. The second and third year cost will be \$298,088.00 and \$312,433.00 respectively, for a total cost over the three years of the contract totaling \$894,947.00.

In 2002, the Division of Police purchased and implemented a computerized Ohio Incident Based Reporting System/National Incident Based Reporting System (OIBRS/NIBRS), per Ordinance 2253-2001 passed December 17, 2001, for offense and complaint/incident reports. NIBRS is a set of rules set forth by the federal government to be followed by local and state agencies when reporting crime statistics. It assures all law enforcement agencies report crime data using the same data makers, types, and descriptors, as well as the same reporting methods, which enhances the FBI's ability to analyze the incoming statistics. The data migration from the legacy records management system (NetRMS) to the Motorola PremierOne Records system was authorized under ordinance 0343-2014 passed February 24, 2014 (EL015362), and awarded through solicitation SA005116 allowing for the data to be housed in one system.

The PremierOne Records Computerized Crime Data Reporting System is a proprietary system from Motorola Solutions, Inc. the sole provider and copyright holder of the system. As such, the City must purchase annual support and maintenance from Motorola Solutions, Inc. For this reason, this ordinance is being submitted in accordance with the provisions of sole source procurement of the City of Columbus Code, Chapter 329.

EMERGENCY:

Emergency action is requested to expedite authorization of this contract in order to facilitate and maintain uninterrupted services from this supplier.

FISCAL IMPACT:

In the years 2017 and 2018, \$285,850.00 and \$203,930.00, respectively was legislated by the Department of Technology for software maintenance and support services for the PremierOne Records system. This ordinance (2019) for software maintenance and support services with Motorola Solutions, Inc. will be \$284,426.00. Funding is available within the Department of Technology, direct charge agency, Information Services Operating Fund.
