Council Variance Application: CV19-058

APPLICANT: DSC Holdings 1050 N Fourth St, LLC; c/o Dave Perry, Agent; David Perry Company, Inc.; 411 East Town Street, 1st Floor; Columbus, OH 43215; and Donald Plank, Atty.; Plank Law Firm; 411 East Town Street, 2nd Floor; Columbus, OH 43215.

PROPOSED USE: Mixed-use development.

ITALIAN VILLAGE COMMISSION RECOMMENDATION: Approval.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The applicant has received a recommendation of approval from Staff and the Development Commission for a concurrent rezoning request to the AR-3, Apartment Residential District (Ordinance #1655-2020; Z19-040) to allow a multi-unit residential development. The requested Council variance proposes a 67-unit apartment building and will permit up to 2,500 square feet of ground-floor retail commercial or art gallery space. The request includes variances to increase lot coverage, and to reduce building lines and rear yard. Staff supports the variances for this proposal as it is consistent with the land use recommendation of the *Italian Village East Redevelopment Plan (2000)* for a mixed-use corridor. The request is also consistent with recent urban infill development projects that have been approved in this neighborhood.

To grant a Variance from the provisions of Sections 3333.03, AR-3 apartment residential district use; 3333.15(C), Basis of computing area; 3333.18(F), Building lines; and 3333.24, Rear yard, of the Columbus City Codes; for the property

located at **1050 N. 4TH ST. (43201)**, to permit up to 2,500 square feet of retail commercial or art gallery space within an apartment building with reduced development standards in the AR-3, Apartment Residential District (Council Variance #CV19-058).

WHEREAS, by application #CV19-058, the owner of property at **1050 N. 4TH ST. (43201)**, is requesting a Council variance to permit up to 2,500 square feet of retail commercial or art gallery space within an apartment building with reduced development standards in the AR-3, Apartment Residential District; and

WHEREAS, Section 3333.03, AR-3 apartment residential district use, prohibits commercial uses, while the applicant proposes a maximum of 2,500 square feet of retail commercial or art gallery space on the ground floor; and

WHEREAS, Section 3333.15(C), Basis of computing area, limits buildings from occupying more than 50 percent of the lot area, while the applicant proposes to increase the lot coverage to 89 percent; and

WHEREAS, Section 3333.18(F), Building lines, requires a building line of no less than the average of buildings on contiguous lots, in this case 20 feet, while the applicant proposes a reduced building line of zero feet along North 4th Street, as shown on the site plan; and

WHEREAS, Section 3333.24, Rear yard, requires a rear yard totaling no less than 25 percent of the total lot area, while the applicant proposes a reduced rear yard of 2 percent of the total lot area; and

WHEREAS, the Italian Village Commission recommends approval; and

WHEREAS, the City Departments recommend approval because the requested variances are consistent with recent urban infill development projects that have been approved in this neighborhood, and achieve the mixed-use recommendation of the *Italian Village East Redevelopment Plan*; and

WHEREAS, said ordinance requires separate submission for all applicable permits and a Certificate of Occupancy for the proposed use; and

WHEREAS, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public roads, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at **1050 N. 4TH ST. (43201)**, in using said property as desired, now therefore:
