**Council Variance Application: CV20-024**

**APPLICANT:** Prime AE Group, c/o Craig M. Vander Veen; 8415 Pulsar Place, Suite 300; Columbus, OH 43240.

**PROPOSED USE:** Fresh market food pantry.

**SOUTH LINDEN AREA COMMISSION RECOMMENDATION:** Approval.

**CITY DEPARTMENTS' RECOMMENDATION:** Approval. The site is developed with a vacant grocery store building zoned in the C-3, Commercial District and located within the Cleveland Avenue/South Linden Urban Commercial Overlay (UCO). The requested Council variance will allow the repurposing of the existing building into a fresh market food pantry, which is classified as a C-4, Commercial District use. A variance to reduce the amount of required glass on the building's primary frontage is included in the request. The site is within the planning area of the *South Linden Land Use Plan C2P2* (2018), which recommends "Mixed Use 3" land uses at this location, and includes complete adoption of the *Columbus Citywide Planning Policies (C2P2) Design Guidelines* (2018). The request is consistent with the recommendations of the Plan, and includes a commitment to a site plan which incorporates the provision of street trees and the removal of the existing curb cut along Cleveland Avenue to improve the pedestrian experience for this site. Additionally, the proposal includes a high level of site and architectural design which is compatible with the recommendations of the C2P2 Design Guidelines.

To grant a Variance from the provisions of Sections 3355.03, C-3 permitted uses; and 3372.705(F), Building design standards, of the Columbus City Codes; for the property located at **1464 CLEVELAND AVE. (43211)**, to permit a fresh

market food pantry with reduced Urban Commercial Overlay standards in the C-3, Commercial District (Council Variance #CV20-024).

**WHEREAS**, by application #CV20-024, the owner of property **1464 CLEVELAND AVE. (43211)**, is requesting a Council Variance to permit a fresh market food pantry with reduced Urban Commercial Overlay standards in the C-3, Commercial District; and

**WHEREAS**, Section 3355.03, C-3 permitted uses, does not permit a food pantry, while the applicant proposes to redevelop the existing building into a fresh market food pantry; and

**WHEREAS**, Section 3372.705(F), Building design standards, requires a minimum of 40 percent of the area between the height of two feet and ten feet above grade to be in clear window glass that permits a full unobstructed view of the interior to a depth of at least four feet, while the applicant proposes to renovate an existing building and incorporate a minimum of 45 percent glass on the primary building frontage; and

**WHEREAS**, the South Linden Area Commission recommends approval; and

**WHEREAS**, City Departments recommend approval because the requested variances would permit the adaptive reuse of an existing building into a food pantry that incorporates a high level of site and architectural design elements and includes the provision of streetscape improvements that are consistent with C2P2 Design Guidelines; and

**WHEREAS**, said ordinance requires separate submission for all applicable permits and Certificates of Occupancy for the proposed uses; and

**WHEREAS**, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

**WHEREAS**, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

**WHEREAS**, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at **1464 CLEVELAND AVE. (43211)**, in using said property as desired; now, therefore:
