1. BACKGROUND

The Department of Public Service, Keep Columbus Beautiful (KCB) program is eligible to apply for a grant sponsored by The Ohio Department of Natural Resources Division of Recycling & Litter Prevention in conjunction with its affiliation with Keep Ohio Beautiful. The grant, called "2010 Litter CleanUp Grant", is requesting funding to support a new litter abatement effort targeted at helping neighborhoods remove accumulated trash and debris from the Parsons Avenue Corridor which serves as the gateway into the City of Columbus Southside neighborhoods. The cleanup is meant to focus on grassroots issues such as litter and graffiti to compliment the major revitalization taking place in this area. The cleanup will bring together volunteers from both east and west

neighborhoods surrounding the corridor to target blight and improve the area's image.

The Ohio Revised Code (ORC), Chapter 1502, authorizes the Division of Recycling & Litter Prevention (Division), with the approval of the Ohio Department of Natural Resources (Department), to award grants for the purpose of supporting litter cleanup activities. Grant awards may range up to \$2,000 and all proposals must contain an actual litter collection component. No cash match is required, but local financial or in-kind contributions will help to demonstrate a sense of commitment.

Those eligible to apply include Ohio counties, municipal corporations, townships, villages, solid waste management districts or authorities, soil & water conservation districts, Keep Ohio Beautiful affiliates and any agencies of the state as defined in Chapter 119 of the Ohio Revised Code.

Keep Columbus Beautiful is requesting funding from ODNR to develop and support a Parsons Avenue spring cleanup beginning at Livingston Avenue to Marion Road targeted at removing litter and graffiti along the business corridor. Neighborhoods such as Schumacher Place, Merion Village, Ganthers Place, Swain's Corner, Southside Can, Hungarian Village, Reeb Hosack, and more would be the focus of volunteer recruitment to help remove grassroots blight such as litter and graffiti from the area. Grant funds would be used to support this collaborative community improvement effort with litter supplies, such as litter grabbers, gloves, bags, brooms, and rakes.

This legislation authorizes the Director of Public Service to formally apply for the grant and accept it (if awarded); it also authorizes the appropriation of these funds within the General Government Grant Fund and its expenditure there from that fund.

2. FISCAL IMPACT

None. No city match is required for this grant. No cash match is expected, but local financial or in-kind contributions will help to demonstrate a sense of commitment, and offset the overall cost of the project. KCB resources that will be dedicated to managing/implementing this grant are included in the program's 2009 operating budget within the Street Construction, Maintenance and Repair Fund.

3. EMERGENCY DESIGNATION

Emergency action is requested for this legislation to apply for this funding to meet the application deadline. Applications must be U.S. postmarked or delivered by November 6, 2010.
