Every year in Franklin County, approximately 150 babies die before their first birthday. While national infant mortality rates are decreasing, in 2014, Ohio ranked 12th worst in the nation for overall infant mortality. In 2017, infant mortality rate was 8.2, far exceeding the national Health People 2020 goal of 6.0.

Emergency action is requested for these contract modifications in order to ensure that the work on reducing infant mortality is not interrupted.

FISCAL IMPACT: The funds for these contract modifications are budgeted within the City's Private Grants Fund, Fund Number 2291.
