BACKGROUND: This legislation authorizes the appropriation of \$25,000.00 and an expenditure of \$10,000.00 to purchase baby changing stations to advance the City's interest of providing equal access to parents of different sexes to baby changing accommodations in public-serving establishments.

FISCAL IMPACT: \$25,000 is available in the Neighborhood Initiatives subfund.

To authorize and direct Columbus Public Health to enter into a contract with Foundations World Wide, Inc. for baby changing stations; to waive the competitive bidding provisions of the Columbus City Code; to authorize the distribution at no charge to eligible individuals and businesses in the City of Columbus for installation; and to authorize the appropriation of \$25,000.00 and the expenditure of \$10,000.00 from the Neighborhood Initiatives subfund. (\$25,000.00)

WHEREAS, the City of Columbus is a city of over 850,000 residents, with over twenty-three percent of the population under the age of 18 and nearly even split between male and female residents; and

WHEREAS, many public facilities only offer changing tables in women's restrooms, making them inaccessible to fathers and males involved in parenting functions; and

WHEREAS, the National Center for Health Statistics reports that ninety percent of fathers who live with their children bathe, diaper, and dress their children every day or several times a week; and

WHEREAS, it is in the best interest of the City of Columbus to waive the competitive bidding provisions of Columbus City Code 329 to authorize this contract; and

WHEREAS, equal access to changing stations in public restrooms ensures responsible fatherhood by enabling both mothers and fathers to diaper their sons and daughters; now therefore:
