**BACKGROUND:** The need exists to enter into a Job Creation Tax Credit with MSC Industrial Direct Co., Inc., and its' subsidiaries Sid Tool Co., Inc. and MSC Contract Management. The Ohio Tax Credit Legislation (Section 718.15 of the Ohio Revised Code) authorizing such agreements became effective January 14, 1993 and requires the City to enter a Council-approved agreement between the City and a participating company.

MSC Industrial Direct Co., Inc. and its subsidiaries are one of the largest direct marketers and distributors in the United States. The company distributes its broad range of metalworking, maintenance, repair and operational supplies to industrial customers throughout the US. MSC Industrial Direct Co., Inc. employs one of the largest sales forces in the industry - distributing nearly 600,000 industrial products from approximately 3,000 suppliers to 325,000 customers. Customers are reached through a combination of 107 branch sales offices, 1,101 sales people, close to 18 million direct-mail catalogs, the Internet and numerous B2B eCommerce portals.

The project involves the new construction of a 400,000 square foot regional distribution center on Alkire Road for subsidiary Sid Tool Co., Inc. The company will invest \$55.5 million in new building construction, machinery, equipment, furniture and fixtures. A total of 300 permanent full-time positions will be created as a result of the project over a five year period. MSC Contract Management provides employee management services for the company operations.

Emergency action is required to accommodate construction time schedules.
