BACKGROUND: This legislation authorizes the Finance and Management Director to enter into a contract on behalf of the Office of Construction Management with Dore & Associates Contracting, Inc. for the demolition of the 109 North Front Street Building, the removal of its hazardous material, and the removal and storage of the Harry E. Richter Workers Memorial Park until its permanent replacement is determined at Battelle Riverfront Park.

This building is functionally obsolete suffering from a number of structural and mechanical deficiencies. It is highly energy inefficient, and due to its multi-level design with narrow and uneven floor plates, cannot be renovated in a cost efficient manner to create a modern office environment suitable for the provision of city services.

The building demolition work will be performed in preparation for future construction on the site. The scope of services include: decommissioning and demolition of the building; removal of hazardous wastes; removal of electrical/natural gas services, telephone/data wiring, exterior building shell, basement walls, foundations, slabs-on-grade, and the disposal of all said building components. Once the building demolition is complete, the site will be properly backfilled and re-compacted to a level grade in preparation for future construction.

The Department of Finance and Management is currently in contract negotiation for the design of a new building at the same site and will come to City Council under a separate ordinance for authorization to proceed with design.

Both the Downtown Commission and the Columbus Art Commission were notified of the demolition and redevelopment of this site and have approved the building demolition and removal of the park. Additionally, the Columbus Recreation and Parks Commission was notified of the removal of the Park and is supportive of its removal and relocation. As well, Central Ohio Labor Council, AFL/CIO was also notified of the Park removal and relocation and has expressed its support.

Formal bids were solicited and the City received eight bids on May 24, 2013 as follows (*1 FBE, 0 MBE):

Dore & Associates Contracting, Inc.	\$1,677,000.00
Independence Excavating, Inc.	\$1,966,442.00
Homrich Incorporated	\$2,033,000.00
S.G. Loewendick & Sons, Inc.	\$2,283,325.00
Environmental Assurance Company, Inc.	\$2,436,800.00
NCM Demolition	\$2,720,000.00
Central Insulation Systems, Inc.	\$2,791,000.00
*Hina Environmental	\$3,495,400.00

The Office of Construction Management recommends the bid award be made to the most responsive and responsible bidder, Dore & Associates Contracting, Inc.

Contract Compliance No. 38-1366164, expiration date 6/28/14.

Emergency action is requested so the building can be demolished as soon as possible. By the end of this summer all current occupants will have been relocated to either permanent or temporary locations. Demolition of the Building will enable all utilities to be disconnected as soon as practical, as well as all custodial, maintenance, and security functions can be redeployed elsewhere.

FISCAL IMPACT: The cost of this contract is \$1,677,000.00. Sufficient funding is available within the Construction Management Capital Improvement Fund.

To amend the 2013 Capital Improvement Budget; to authorize the City Auditor to transfer \$79,806.00 between projects within the Construction Management Capital Improvement Fund; to authorize the Finance and Management Director to enter into a contract on behalf of the Office of Construction Management with Dore & Associates Contracting, Inc. for the demolition of the 109 North Front Street Building; to authorize the expenditure of \$1,677,000.00 from the Construction Management Capital Improvement Fund; and to declare an emergency. (\$1,677,000.00)

WHEREAS, to amend the 2013 Capital Improvement Budget to account for encumbrance cancellations and to transfer cash between projects in the Construction Management Capital Improvement Fund; and

WHEREAS, it is necessary for demolition of the 109 North Front Street building to occur because this building is functionally obsolete suffering from a number of structural and mechanical deficiencies that cannot be renovated in a cost efficient manner to provide city services; and

WHEREAS, the removal and storage of the Harry E. Richter Workers Memorial Park is necessary until its permanent replacement is determined at Battelle Riverfront Park; and

WHEREAS, formal bids were solicited and eight companies submitted bids; and

WHEREAS, Dore & Associates Contracting, Inc. is the most responsive and responsible bidder; and

WHEREAS, an emergency exists in the usual daily operation of the Finance and Management Department in that it is immediately necessary to enter into contract to enter into a contract on behalf of the Office of Construction Management with Dore & Associates Contracting, Inc. for the demolition of the 109 North Front Street Building, thereby preserving the public health, peace, property, safety, and welfare; now, therefore:
