BACKGROUND: This legislation authorizes the Director of the Department of Development to enter into contracts with City Year for the provision of services for a twelve-month period. The total amount of these two contracts is \$112,189.

This ordinance represents programs to be funded following the Department of Development's application process. The legislation targets a social service agency that will provide help to in-school youth through the School Success and Young Heroes Programs. In addition, the city supports other programs and activities so that the greater population is assured access to information, technical and

other community assistance. This funding will allow the process to continue.

Emergency action is necessary to avoid causing interruptions in the delivery of program services.

FISCAL IMPACT: In 2008, a total of \$2,359,260.00 has been allocated to fund social service programs through the General Fund.
