**Rezoning Application Z06-050**

**APPLICANT:** Columbus One Investors; c/o Jeffrey L. Brown, Attorney; 37 West Broad Street; Columbus, OH 43215.

**PROPOSED USE:** Commercial development.

**DEVELOPMENT COMMISSION RECOMMENDATION:** Approval (4-1) on September 14, 2006.

**CITY DEPARTMENTS' RECOMMENDATION:** Approval. The requested CPD, Commercial Planned Development District would permit a wider range of commercial development on the site, including most C-4, Commercial District uses. The current C-2 district permits only offices and other low-intensity commercial uses. The CPD plan and text commit to customary development standards. The site is located within the boundaries of the *West Columbus Interim Development Concept* (1991), which recommends office/transitional uses for the site. In this case, staff can support a deviation from the plan, since the adjacent properties to the north and west are zoned in the C-2, Commercial District, which provides a transition to the apartments farther to the north. Staff would not support this request without the transition provided by the adjacent C-2 zoning districts. The proposed development is consistent with the zoning and development patterns of the area.

To rezone **2500 ROBERTS COURT (43026)**, being 1.62± acres located at the northeast corner of Roberts Road and Roberts Court, **From:** C-2, Commercial District, **To:** CPD, Commercial Planned Development District. (Rezoning # Z06-050)

**WHEREAS**, application #Z06-050 is on file with the Building Services Division of the Department of Development requesting rezoning of 1.62± acres from the C-2, Commercial District to CPD, Commercial Planned Development District; and

**WHEREAS**, the Development Commission recommends approval of said zoning change; and

**WHEREAS**, the City Departments recommend approval of said zoning change because the proposed development is consistent with the zoning and development patterns of the area. The requested CPD, Commercial Planned Development District would permit a wider range of commercial development on the site, including most C-4, Commercial District uses. The current C-2 district permits only office uses and other low-intensity commercial uses. The CPD plan and text commit to customary development standards. The site is located within the boundaries of the *West Columbus Interim Development Concept* (1991), which recommends office/transitional uses for the site. In this case, staff can support a deviation from the plan, since the adjacent properties to the north and west are zoned in the C-2, Commercial District, which provides a transition to the apartments farther to the north. Staff would not support this request without the transition provided by the adjacent C-2 zoning districts, now, therefore:
