**Council Variance Application: CV24-018**

**APPLICANT:** Juliet Bullock, Juliet Bullock Architects; 4886 Olentangy Boulevard; Columbus, OH 43214.

**PROPOSED USE:** Multi-unit residential development.

**HISTORIC RESOURCES COMMISSION RECOMMENDATION:** Approval.

**CITY DEPARTMENTS' RECOMMENDATION:** Approval. The site consists of one parcel developed with a four-unit dwelling and two detached garages in the M, Manufacturing District, and is subject to Ordinance #0853-2006 (CV06-010), which proposed an additional three-unit dwelling on the property. The requested variance replaces the intended three-unit dwelling with a four-unit dwelling, for a total of eight units on the subject site. A Council Variance is necessary to allow multi-unit residential development in the M, Manufacturing District. Variances for front setbacks, drive aisle width, driveway width, maneuvering area, and minimum number of parking spaces are included in this request. The site is within the planning area of the *Brewery District Plan (1992)*, which encourages mixed use development and residential character, and promotes opportunities for shared parking. Staff finds the requested variances to be supportable as they

will allow multi-unit residential development that is consistent with similar residential infill in urban neighborhoods, and notes that this site is within the initial focus area of the Zone In initiative, and the contemplated mixed-use zoning designations will allow ground floor residential uses.

To grant a Variance from the provisions of Sections 3363.01 M-manufacturing districts; 3312.09, Aisle; 3312.13(B), Driveway; 3312.25, Maneuvering; 3312.49, Required parking; and 3372.604(A), Setback requirements, of the Columbus City Codes; for the property located at **1070 S. FRONT ST. (43206)**, to allow multi-unit residential development with reduced development standards in the M, Manufacturing District, and to repeal Ordinance #0853-2006 (CV06-010), passed on June 19, 2006, and Ordinance #1656-2005 (CV05-044), passed October 24, 2005 (Council Variance #CV24-018).

**WHEREAS**, by application #CV24-018, the owner of property at **1070 S. FRONT ST. (43206)**, is requesting a Council variance to allow a multi-unit residential development with reduced development standards in the M, Manufacturing District; and

**WHEREAS**, Section 3363.01, Manufacturing districts, prohibits multi-unit residential development, while the applicant proposes an additional four-unit dwelling on a site that is developed with a four-unit dwelling; and

**WHEREAS**, Section 33212.09, Aisle, requires a minimum drive aisle width of 20 feet, while the applicant proposes a reduced drive aisle width of 10 feet, as shown on the site plan; and

**WHEREAS**, Section 3333.13(B), Driveway, requires a minimum driveway width of 20 feet for two-way traffic flow, while the applicant proposes a reduced driveway width of 10 feet, as shown on the site plan; and

**WHEREAS**, Section 3312.25, Maneuvering, requires a maneuvering area of 20 feet, while the applicant proposes reduced maneuvering area of 10 feet on the subject site, with 10 feet on the adjacent parcel to the east, as shown on the site plan; and

**WHEREAS**, Section 3312.49, Required parking, requires 1.5 parking spaces per dwelling unit for a total of 12 required parking spaces for eight units, while the applicant proposes a total of nine parking spaces; and

**WHEREAS**, Section 3372.604, Setback requirements, requires a minimum building setback of zero feet and a maximum setback of 10 feet, while the applicant proposes increased building setbacks of between 10.21-10.5 feet for the existing four-unit dwelling, and between 11.45-11.9 feet for the proposed four-unit dwelling, as shown on the site plan; and

**WHEREAS**, the Historic Resources Commission recommends approval, and

**WHEREAS**, the City Departments recommend approval because the variances will allow multi-unit residential development that is consistent with residential infill development in urban neighborhoods, and notes that this site is within the initial focus area of the Zone In initiative, which proposes ground floor residential uses; and

**WHEREAS**, this ordinance requires separate submission for all applicable permits and a Certificate of Occupancy for the proposed use; and

**WHEREAS**, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

**WHEREAS**, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

**WHEREAS**, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at **1070 S. FRONT ST. (43206)**, in using said property as desired; now, therefore:
