BACKGROUND: This legislation is needed in order for the City to pay the Ohio Water Development Authority (OWDA) loan fee for a Division of Sewerage and Drainage capital project receiving funding through the Ohio Environmental Protection Agency’s Water Pollution Control Loan Fund (WPCLF) which is administered by OWDA. The loan fee has been invoiced for the following construction project which was awarded WPCLF loan financing at the January 25, 2024 Ohio Water Development Authority Board meeting:

Inflow Redirection - Markison project (CIP# 650790-122181); Loan amount: \$28,345,080.39; Loan Fee: \$99,208.00.

This Sanitary System Engineering Section project (identified in Section 1) has been approved for financing through the Ohio Water Pollution Control Loan Fund (WPCLF) and authorized via Ordinance 2767-2024 which passed October 30, 2023.

The Water Pollution Control Loan Fund (WPCLF) loan program is jointly administered by the Ohio EPA Division of Environmental and Financial Assistance and the Ohio Water Development Authority (OWDA). The WPCLF provides below-market interest rate loans for municipal wastewater treatment improvements. The interest rate for this loan is 3.08%.

FISCAL IMPACT: \$99,208.00 is needed for Loan Fee expenditures. **This ordinance is contingent on the passage of the 2024 operating budget, Ordinance 3012-2023.**

CONTRACT COMPLIANCE: Ohio Water Development Authority (31-6402047-207) is not contract compliant as it is a governmental agency (State of Ohio).

EMERGENCY DESIGNATION: The City is required to pay the OWDA loan fee upon the execution of the loan

agreement. The loan agreement was approved by the OWDA Board on January 25, 2024. The executed loan agreement along with the loan fee invoice has been generated for payment by the City and received January 26, 2024. Loan Fund Payment Requests to pay the contractor for construction work on this project cannot be processed until the loan fee is paid in full. An emergency designation is therefore requested in order to meet the payment obligations of the construction contract and to ensure the project does not incur work stoppage and associated costs due to delayed invoice payment.

To authorize the Director of the Department of Public Utilities to pay the Water Pollution Control Loan Fund Loan Fee to the Ohio Water Development Authority for the Inflow Redirection - Markison Project loan; to authorize the expenditure of \$99,208.00 from the Sewerage System Operating Fund; and to declare an emergency. (\$99,208.00)

WHEREAS, on January 25, 2024 a Division of Sewerage and Drainage project was approved for below market-rate interest financing through an Ohio Water Pollution Control Loan Fund loan through which said financial assistance will help to reduce the total project costs to the City's sewerage customers; and

WHEREAS, it is necessary to authorize the Director of the Department of Public Utilities to pay the requisite Loan Fee to the Ohio Water Development Authority payable upon the delivery of the executed loan agreements which were received on January 26, 2024; and

WHEREAS, an emergency exists in the usual daily operation of the Division of Sewerage and Drainage, Department of Public Utilities, in that it is immediately necessary to authorize the Director of the Department of Public Utilities to pay the loan fee on the earliest practicable date in order to process fund payment requests for incurred project costs per the terms of the OWDA invoice, meet the payment terms of the contract, and to avoid work stoppage and the accrual of associated costs due to delayed payment, for the immediate preservation of the public health, peace, property, and safety;
