Rezoning Application Z06-012

APPLICANT: Storage One Co.; c/o Jackson B. Reynolds III, Atty., Smith and Hale; 37 West Broad Street, Suite 725; Columbus, OH 43215.

PROPOSED USE: Office and storage development.

DEVELOPMENT COMMISSION RECOMMENDATION: Approval (5-0) on February 8, 2007.

CITY DEPARTMENTS' RECOMMENDATION: Approval. While the proposed land use does not comply with the Southeast Area Plan (2000), which calls for residential use for the site, Staff realizes that Council's 2001 approval of the rezoning to the L-M, Limited Manufacturing District and the subsequent development of self-storage on the north of this site make the plans recommendation all but obsolete. Staff finds that the proposal for enclosed vehicle storage on the western portion of the site and for office uses along the Gender Road frontage to the east to be less intense than what could currently be developed with the existing L-M, Limited Manufacturing limitation text (Z01-080). The proposed offices and enclosed vehicle storage are compatible with the adjacent residences due to the enclosed nature of vehicle storage facility and the orientation of the vehicle storage doors toward the

interior of the site. The proposed development could serve the adjacent residents. Finally, the buffering lighting controls, building material limits, the screening of mechanicals and limits on the hours of operation provided for in the text also help ensure compatibility with the adjacent residences.

To rezone **4975 GENDER ROAD (43110)**, being 2.38± acres located on the west side of Gender Road, 120± feet north of Chelsea Glen Drive, From: L-M, Limited Manufacturing District, To: L-C-2, Limited Commercial, and L-M, Limited Manufacturing Districts. (Rezoning # Z06-012). **(AMENDED BY ORD. 1095-2007 PASSED 7/23/2007)**

WHEREAS, application #Z06-012 is on file with the Building Services Division of the Department of Development requesting rezoning of 2.38± acres from L-M, Limited Manufacturing District, to L-C-2, Limited Commercial, and L-M, Limited Manufacturing Districts; and

WHEREAS, the Development Commission recommends approval of said zoning change; and

WHEREAS, the City Departments recommend approval of said zoning change because hile the proposed land use does not comply with the Southeast Area Plan (2000), which calls for residential use for the site, Staff realizes that Council's 2001 approval of the rezoning to the L-M, Limited Manufacturing District and the subsequent development of self-storage on the north of this site make the plans recommendation all but obsolete. Staff finds that the proposal for enclosed vehicle storage on the western portion of the site and for office uses along the Gender Road frontage to the east to be less intense than what could currently be developed with the existing L-M, Limited Manufacturing limitation text (Z01-080). The proposed offices and enclosed vehicle storage are compatible with the adjacent residences due to the enclosed nature of vehicle storage facility and the orientation of the vehicle storage doors toward the interior of the site. The proposed development could serve the adjacent residents. Finally, the buffering lighting controls, building material limits, the screening of mechanicals and limits on the hours of operation provided for in the text also help ensure compatibility with the adjacent residences, now, therefore:

1. Street trees shall be planted evenly spaced along Gender Road at a ratio of one tree per thirty (30) feet of frontage.

2. Headlight screening in the form of landscaping (36 inch minimum of installation) shall be installed along Gender Road adjacent to any parking areas which are within 15 feet of that street.

3. A 6 foot high board-on-board fence shall be erected along the south property line which abuts the residentially zoned property up to the building setback line.

4. All trees and landscaping shall be well maintained. Dead items shall be replaced within six months or the next planting season, whichever occurs first.

5. All trees meet the following minimum size at the time of planting:

Shade trees 2 1/2" caliper; Ornamental trees 1 1/2" caliper; Evergreen trees 5 feet in height. Tree caliper is measured six (6) inches from the ground.

6. Lot coverage for building and paved areas (excluding sidewalks) shall not exceed 90%.

7. The existing tree rows along the south property line will be maintained as well as possible given the installation of the fence and evergreen trees will be planted to fill in gaps in order to provide a buffer between the residential areas and the fence as shown on the subject site plan.

D. Building Design and/or Interior-Exterior Treatment Commitments.

1. Any mechanical equipment or utility hardware on the roof of a building shall be screened from view to prevent the equipment from being visible from the property line of the parcel. Ground mounted mechanical or utility equipment shall be fully screened from view

from ground level by landscaping or any fence or wall utilizing comparable and compatible materials as the building materials.

2. The office building shall be constructed of brick, vinyl, hardy plank, stucco, with glass and aluminum accents.

3. All buildings will have a pitched or sloped roof.

E. Lighting, Outdoor Display Areas, and/or other Environmental Commitments.

1. Light poles shall not exceed 14 feet in height and shall have cutoff fixtures (downlighting) and shall be designed to prevent off-site light spillage.

2. The lighting plan shall be designed to allow for only .1 foot candle of offsite light at the property line of the site.

3. All external outdoor lighting poles and fixtures to be used shall be from the same or similar manufacturer type to insure compatibility.

4. Accent lighting shall be permitted providing such light source is concealed. Any wall-mounted lighting shall be shielded to prevent off-site spillage.

F. Graphics and/or Signage Commitments.

1. All graphics and signage shall comply with the Graphics Code, Article 15, Title 33 of the Columbus City Code as it applies to the C-2, Commercial District and any variance to those requirements will be submitted to the Columbus Graphics Commission for consideration.

G. Miscellaneous Commitments.

1. The developer shall install a sidewalk along the Gender Road frontage or provide the City with the funds for the cost of installing the sidewalk if the City has a road improvement project planned for said street.

2. The Subject Site shall be developed in accordance with the submitted site plan. The site plan may be slightly adjusted to reflect engineering, topographical or other site data developed at the time of development or when engineering plans are completed. Any slight adjustment to the plan shall be reviewed and may be approved by the Director of the Department of Development or his designee upon submission of the appropriate data regarding the proposed adjustment.

SUBAREA B: L-M

2. PERMITTED USES: The following uses shall be permitted on the subject site: indoor storage of boat and vehicles shall be the only uses permitted on the property. There shall be no outside storage of any kind.

A. Density, Lot, and/or Setback Commitments.

1. The maximum building height shall be 20 feet.

B. Access, Loading, Parking and/or Other Traffic Related Commitments.

1. The interior circulation is shown on the site plan and access to area shall be across the abutting properties.

C. Buffering, Landscaping, Open Space and/or Screening Commitments.

1. A six (6) foot high board-on-board fence shall be erected along the southern property line and a six (6) foot high buff colored split face block wall shall be erected along the northern property line that abuts the residentially zoned property.

2. Evergreen trees or other acceptable trees shall be planted along the north, south and west side of the property to supplement the existing tree line, so as to form a densely planted planting strip; at a minimum, sufficient trees shall be added to the existing tree line so as to maintain an average spacing of one tree per every eight feet. All desirable, healthy trees over 3" in caliper that are located in the green space on the north, south and west side of the site shall, as much as possible, be maintained.

3. All trees will be well maintained. Dead items shall be replaced within six (6) months or the next planting season, which ever occurs first.

4. The rear of the storage units (on the west) will serve as the required opaque fence that will shield the site from view of the adjoining residential properties. The back wall shall be of buff colored split-faced block and said wall shall be no higher than 14 feet in height (excluding the roof).

D. Building Design and/or Interior-Exterior Treatment Commitments.

1. No roof top mechanicals will be used.
2. All buildings will have a pitched (1/12 pitch for the storage units) or sloped roofs.
3. The buildings shall be of a beige colored steel with white doors.
4. No exterior opening shall be allowed along the abutting residential property lines unless required by building and/or fire codes.

E. Lighting, Outdoor Display Areas and/or Other Environmental Commitments.

1. All external lighting shall be cut-off poles and fixtures (down-lighting) and shall be designed to prevent off-site spillage.
2. All external outdoor lighting fixtures to be used shall be from the same or similar manufacturers type to insure compatibility.
