This resolution supports the Director of Recreation and Parks' submission of a grant application to the Ohio Public Works Commission, District 3 Natural Resource Advisory Committee, for Clean Ohio Conservation Fund, Round 7, grants.

The application is for \$1,812,630 to be used for natural area protection of Hellbranch Run Watershed, along Galloway Road and Alkire Road. This project will acquire 263 acres of high quality woods and wetlands and adjacent buffer land which will be restored with wetlands, prairie habitat, and vernal pools. The project will occur adjacent to a future city park site. The grant requires a 25 percent local match (\$453,157.50).

The City's matching portion of this grant is to come from capital improvement bond funding.

The Hellbranch Run Watershed is considered one of the critical preservation components of the Darby Accord. The project proposes to protect high quality wetlands, mature forests, and hydric soils within the Hellbranch, a major tributary to Big Darby Creek. The site contains significant Tier 1 and Tier 2 critical resource habitat.

Emergency action is requested so the resolution of support can be included in the grant application package. The application deadline is October 29, 2010.

Fiscal Impact:

A future ordinance will address appropriation of matching funding.
