Background: This legislation authorizes the Finance and Management Director to issue purchase orders for ultra-low sulfur diesel and bio diesel for the Fleet Management Division. Formal competitive bids for bio and ultra-low sulfur diesel fuels were received by the Purchasing Office and a Universal Term contract was established through ordinance 1948-2014, with Benchmark Biodiesel, Inc.

Benchmark Biodiesel, Inc., MAJ, CC# 26-1274251 expires 05/16/2016
PA000056, expires 09/30/16

This company is not debarred according to the Federal excluded parties listing or prohibited from being awarded a contract to the Auditor of State unresolved findings for recovery certified search.

Fiscal Impact: The Fleet Management Division expended \$2.5 million for bulk bio and ultra-low diesel fuel deliveries in 2015. The expected expenditure through the 2016 fiscal year for bulk bio/diesel fuel deliveries is projected to be \$2.5 million; however market price volatility could impact this projection.

Emergency action is requested to ensure an uninterrupted supply of bulk bio diesel and ultra-low sulfur diesel fuels. These fuels are used by City vehicles, including Police, Fire and Refuse Collection vehicles.

To authorize and direct the Finance and Management Director to issue purchase orders with Benchmark Biodiesel, Inc. for the provision of bio diesel and ultra-low sulfur diesel fuels; to authorize the expenditure of \$1,500,000.00 from the Fleet Management Operating Fund; and to declare an emergency. (\$1,500,000.00)

WHEREAS, the Finance and Management Department, Fleet Management Division, has a need to purchase bio and ultra-low sulfur diesel bulk fuels for use by various City department vehicles including Police, Fire and Refuse Collection

vehicles; and

WHEREAS, a Universal Term contract (UTC) was established through the formal competitive bid process for these fuels via ordinance 1948-2014; and

WHEREAS, an emergency exists in the usual daily operation of the Finance and Management Department, Fleet Management Division, in that it is immediately necessary to issue a purchase order for bio diesel and ultra-low sulfur diesel bulk fuels in order to ensure an uninterrupted fuel supply for City vehicles, thereby preserving the public health, peace, property, safety, and welfare; now, therefore:
