This ordinance authorizes the Director of Recreation and Parks to accept a grant from the Ohio Department of Natural Resources for the construction of an open shelter, parking lot, and connecting trails on the currently undeveloped Wilson Road Parkland located between West Broad Street and Sullivant Avenue on South Wilson Road. The grant amount is \$166,487.00, with the City of Columbus being responsible for a match amount of \$55,513.00 for a total project cost of \$222,000.00. The NatureWorks Grant is administered by the Ohio Department of Natural Resources. A multi-use athletic field was recently completed and the Camp Chase Trail, which will connect the City’s west side to downtown, is currently under construction. These improvements would serve both users of the athletic field and users of the Camp Chase Trail and would allow the Recreation and Parks Department to open up the park to use by the general public. The Recreation and Parks Department has worked with the Friends of Camp Chase Trail, the Westgate Neighborhood Association, the Greater Hilltop Area Commission, and other members of the local community to obtain input on a master plan for the park that will guide the design and layout of these improvements.
