**BACKGROUND:** The Columbus Health Department provides Chlamydia and gonorrhea testing for patients of the STD Clinic and various other clinics in the City of Columbus. The Columbus Health Department uses a highly effective DNA probe test kit for Chlamydia and gonorrhea testing. The DNA probe test kit has higher sensitivity, specificity, and transportability characteristics than other types of testing methods. Gen-Probe is the sole provider of the DNA probe test kit, which is the only FDA approved test kit available in the United States.

The Columbus Health Department, as a public health agency, receives discounted pricing for these DNA Probe test kits.

The purchase of these test kits is a regular occurrence, previously approved by City Council through ordinance numbers 0261-2008, 1040-2008, 1433-2008, 0323-2009, 0385-2010, 0777-2010, and 0392-2011.

Emergency action is requested to ensure a sufficient supply of test kits for testing of patients of various clinics.

Gen-Probe's contract compliance expires 6/23/12. Their contract compliance number is 330767987.

**FISCAL IMPACT:** Funding for this purchase is budgeted in the 2011 Health Special Revenue Fund and the Health Department Grants Fund. The Columbus Health Department has expended \$150,000.00 in FY2011, \$225,000.00 in FY2010, \$176,090.00 in FY2009, \$247,950.00 in FY2008, \$165,685.00 in FY2007, and \$214,600.00 in FY2006. These expenditures were from both the Health Special Revenue Fund and the Health Department Grants Fund.

To authorize the Director of Finance and Management to establish a purchase order with Gen-Probe for the purchase of Chlamydia and gonorrhea test kits for the Columbus Health Department in accordance with sole source provisions; to authorize the expenditure of \$97,000.00 from the Health Special Revenue Fund and the Health Department Grants Fund; and to declare an emergency. (\$97,000.00)
