BACKGROUND: An appropriation is needed for the Third Grade Safety Belt Program. The Division of Police participates in the program through an agreement with the State of Ohio Department of Public Safety to conduct safety belt education in primary schools in the City of Columbus. A special purpose grant account was established for the funds received for participating in the program. Expenditures from this fund, per the program guidelines, have been for traffic safety education, enforcement, training or materials.

FISCAL IMPACT: This ordinance authorizes an appropriation of \$4,596.00 currently available in the Third Grade Safety Belt Program grant account for program approved traffic safety related expenditures. All expenditures will be made from available

program funds. Therefore, there will be no effect on the financial status of the General Fund.

EMERGENCY DESIGNATION: Emergency legislation is needed to make the appropriated funds available at the earliest possible time to complete the program activities and close the special purpose grant account in a timely manner.
