**BACKGROUND:** Columbus Public Health provides chlamydia and gonorrhea testing for patients of the STD Clinic and various other clinics in the City of Columbus. Columbus Public Health uses a highly effective DNA probe test kit for chlamydia and gonorrhea testing. The DNA probe test kit has higher sensitivity, specificity, and transportability characteristics than other types of testing methods. Gen-Probe is the sole provider of the DNA probe test kit, which is the only FDA approved test kit available in the United States. This ordinance authorizes the purchase of test kits in an amount not to exceed \$85,000.00.

Columbus Public Health, as a public health agency, receives discounted pricing for these DNA Probe test kits.

Gen-Probe's contract compliance number is 330767987 and it expires 3/11/16.

Emergency action is requested to ensure a sufficient supply of test kits for testing of patients of various clinics.

**FISCAL IMPACT:** Funding for this purchase is budgeted in the 2014 Health Special Revenue Fund.
