Council Variance Application # CV09-032

APPLICANT: Dominion Homes, Inc.; c/o Robert A. Meyer, Jr., Atty.; Porter, Wright, Morris & Arthur LLP; 41 South High Street; Columbus, Ohio 43215.

PROPOSED USE: Eliminate the garage setback requirements and vary the tree planting pattern requirements in the NE, Neighborhood Edge District.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The applicant has received a recommendation of approval from Staff and Development Commission for a concurrent rezoning (Z09-038) from the NG, Neighborhood General District to the NE, Neighborhood Edge District for the development of sixty-eight (68) single-family dwellings. The applicant is requesting variances to eliminate the garage setback requirements and vary the tree planting pattern requirements in the NE District. The request is substantially consistent with variances approved by the Columbus Board of Zoning Adjustment for developed areas within this Traditional Neighborhood Development (TND). Although Staff recommended disapproval on the 2004 BZA variance, this request is to continue the same development pattern on a newly zoned section of the original TND site; therefore Staff has no objections to the proposed variances. The applicant has committed to similar conditions that were included in the previously approved BZA variances, and this request is supported by the Rocky Fork/Blacklick Accord Panel.

To grant a variance from the provisions of Sections 3320.15, Thoroughfare standards; and 3320.19 (B) 19 and 20, Private buildings, of the City codes, for the property located at **5005 CENTRAL COLLEGE ROAD (43081)**, to eliminate the garage setback requirements and vary the tree planting pattern requirements for a single-family residential development in the NE, Neighborhood Edge District (Council Variance # CV09-032).

WHEREAS, by application No. CV09-032, the owner of property at **5005 CENTRAL COLLEGE ROAD (43081)** is requesting a Council Variance to eliminate the garage setback requirements and vary the tree planting pattern requirements in the NE, Neighborhood Edge District; and

WHEREAS, Section 3320.15, Thoroughfare standards, requires trees to be planted on both sides of residential streets at thirty (30) feet on center, while the applicant proposes a random tree-planting pattern with a maximum spacing between trees of sixty (60) feet and a minimum equivalent of one street tree per forty (40) lineal feet of street frontage for both sides of the street; and

WHEREAS, Section 3320.19 (B) 19 and 20, Private buildings, requires attached garages to be recessed two (2) feet from the front façade of the main building for double-width driveways, and twenty (20) feet for single-width driveways, while the applicant proposes garages to project a maximum of eight (8) feet forward of the building façade on a maximum of forty percent (40%) of the units built within the site; and

WHEREAS, the City Departments recommend approval because the request is substantially consistent with variances approved by the Columbus Board of Zoning Adjustment for developed areas within this Traditional Neighborhood Development (TND). Although Staff recommended disapproval on the 2004 BZA variance, this request is to continue the same development pattern on a newly zoned section of the original TND site; therefore Staff has no objections to the proposed variances. The applicant has committed to similar conditions that were included in the previously approved BZA variances, and this request is supported by the Rocky Fork/Blacklick Accord Panel; and

WHEREAS, said ordinance requires separate submission for all applicable permits and Certificate of Occupancy for the proposed use; and

WHEREAS, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at **5005 CENTRAL COLLEGE ROAD (43081)**, in using said property as desired; now, therefore:

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

SECTION 1. That a Variance from the provisions of Sections 3320.15, Thoroughfare standards; and 3320.19 (B) 19 and 20, Private buildings, of the Columbus City Codes are hereby granted for the property located at **5005 CENTRAL COLLEGE ROAD (43081)** in so far as said sections prohibit a random street tree-planting pattern with a maximum spacing between trees of sixty (60) feet and a minimum equivalent of one street tree per forty (40) lineal feet of street frontage for both sides of the street, and garages to project a maximum of eight (8) feet forward of the building façade on a maximum of forty percent (40%) of the units built in the NE, Neighborhood Edge District, said property being more particularly described as follows:

5005 CENTRAL COLLEGE ROAD (43081), being 15.9± acres located at the southwest corner of Central College Road and Course Drive, and being more particularly described as follows:

SECTION 2. That this ordinance is further conditioned upon the following:

1. All homes constructed on the 15.9 acre site shall incorporate either a front architectural element (such as a wall segment) or an architectural accent feature (such as a water table) of natural materials (including brick, stone, stucco stone, cementitious siding).
2. For any lot with a forward-sitting garage, there will not be a resultant reduction in the required front or rear setbacks.
3. Each home with a garage-forward design shall have a minimum 100 square foot open porch with railing. Additionally, the same material used on the garage façade will be used on the return to the house's façade wall.
4. No more than 40 percent of the homes constructed on the 15.9 acre site shall have a forward-sitting garage, and no homes with forward-sitting garages shall be located either on a corner lot or next to another home with a forward-sitting garage.
5. The overall number of street trees shall be equivalent to one street tree per 40 lineal feet of street frontage. The overall number of trees planted on the site shall not be less than the number of street trees that would be planted if the variance were not granted (i.e., street trees at 30 feet on center), with additional trees above the number planted as street trees being planted within common open spaces.

SECTION 3. That this ordinance is further conditioned upon the applicant obtaining all applicable permits and a Certificate of Occupancy for the proposed use.

SECTION 4. That this ordinance shall take effect and be in force from and after the earliest period allowed by law.
