This ordinance authorizes the City Clerk to enter into a grant agreement with the Columbus Historical Society (CHS) to support organizational and facility implementation costs.

The Columbus Historical Society continues to preserve the great multi-cultural history of Columbus and shares that history with the community through a variety of educational programming. The Columbus Historical Society purchased Engine House #6 to create a permanent home for the important multi-cultural history of Columbus and Central Ohio. The restoration/renovation of the 1890 building has recently begun. The building will create extensive educational opportunities for the community, a community meeting space, a specialized research library, space for archival storage, and offices for the Society.

This year the Columbus Historical Society is increasing its community programming, which will also include co-hosting a convention for museums and similar organizations. The August convention is expected to welcome between 400-600 attendees.

Fiscal Impact: Funding is available within the Neighborhood Initiatives subfund.

Emergency action is requested in order to provide CHS with resources necessary to plan and execute an August convention, including production of presentation materials.
