This legislation transfers a total of \$310,000.00 from Object Level 1 06 to Object Level 1 02 within the Sewerage System Operating Fund 650. The transfer is requested to cover anticipated expenses for heating oil for heating buildings at the Jackson Pike Wastewater Treatment Plant and Southerly Wastewater Treatment Plant for the remainder of the 2004 Fiscal Year. The Southerly plant switched from oil to natural gas for incineration in 2003. Estimated use for heating only during 2004 has been higher than anticipated and additional funding is required to pay invoices through the end of 2004.

This legislation is requested to be an emergency so that funding will be made available as soon as possible so as not to have any break in procurement of heating oil for the Division of Sewerage and Drainage.

**FISCAL IMPACT:** Sufficient appropriation is available in Object Level 06 for this requested transfer to Object Level 1 02.
