Council Variance Application: CV15-074

APPLICANT: Lykens Companies; c/o Donald Plank, Atty.; Plank Law Firm; 145 East Rich Street, 3rd Floor; Columbus, OH 43215.

PROPOSED USE: Multi-unit residential development.

ITALIAN VILLAGE COMMISSION RECOMMENDATION: Approval.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The subject site consists of two development subareas separated by Detroit Avenue that were zoned to the AR-1, and AR-3, Apartment Residential Districts with Ordinance No. 1922-2015, passed July 27, 2015 (Z15-019). Concurrent Council variance Ordinance No. 1924-2015, passed July 27, 2015 (CV15-020), permitted reduced development standards for this urban infill project. The applicant has changed the development plans for the north subarea (Site A) to convert an existing 2-story brick industrial building into 20 apartment units with a 19-space surface parking lot in the AR-3 district. The former proposal was for conversion of the industrial building into 18 apartment units and interior parking, with construction of an attached 3-story, 13-unit apartment building with interior parking. The south subarea (Site B) proposes a four-unit dwelling and 4-car detached garage in the AR-1 District, and remains unchanged from the former proposal. Variances are requested for required parking (from 36 required

spaces to 23 spaces), vision clearance, setbacks, lot coverage, and yard and area standards. The proposed development will replace a potentially incompatible industrial site with multi-unit residential development in a predominantly residential neighborhood. The request is consistent with recent infill development projects in historic urban areas. The revised proposal represents a decrease of 11 units, lessens variances for parking reduction and vision clearance, and removes variances for maximum lot coverage on Site A.

To grant a Variance from the provisions of Sections 3312.13(B), Driveway; 3312.49, Minimum numbers of parking spaces required; 3321.05(B)(1), and (B)(2), Vision clearance; 3332.18(D), Basis of computing area; 3332.21(D), Building lines; 3332.27, Rear yard; 3333.18(D), Building lines; 3333.22, Maximum side yard required; 3333.23(b), Minimum side yard permitted; and 3333.24, Rear yard, of the Columbus City Codes; for the property located at **180 DETROIT AVENUE (43201)**, to permit multi-unit residential development with reduced development standards in the AR-1, and AR-3, Apartment Residential Districts, and to repeal Ordinance No. 1924-2015, passed July 27, 2015 **and to declare an emergency** (Council Variance # CV15-074).

WHEREAS, by application No. CV15-074, the owner of property at **180 DETROIT AVENUE (43201)**, is requesting a Council variance to permit multi-unit residential development with reduced development standards in the AR-1, and AR-3, Apartment Residential Districts; and

WHEREAS, Section 3333.02(3), AR-12, ARLD and AR-1 apartment residential district use, requires that a dwelling containing four units be in accordance with R-4, Residential District standards, while the applicant proposes a four-unit dwelling with variances to R-4 standards which are included in this request; and

WHEREAS, Section 3312.13(B), Driveway, requires a driveway width of twenty (20) feet at the street right of way, while the applicant proposes a driveway entrance width of 17.33 feet from the north alley for Site A due to the location of a city light pole adjacent to the east side of the driveway entrance; and

WHEREAS, Section 3312.49, Minimum numbers of parking spaces required, requires 1.5 parking spaces per apartment unit, for a total of thirty (30) parking spaces on Site A and six (6) parking spaces on Site B, while the applicant proposes nineteen (19) spaces on Site A and four (4) spaces on Site B; and

WHEREAS, Section 3321.05(B)(1), Vision clearance, requires clear vision triangles of ten (10) feet on each residential lot at the intersection of a street and an alley, while the applicant proposes encroachment into the clear vision triangle at the northeast corner of Detroit Avenue and Hamlet Street for the southwest portion of the 20-unit apartment building on Site A, and encroachment of the northeast portion of the detached garage building at the intersection of Detroit Avenue and the east Alley on Site B; and

WHEREAS, Section 3321.05(B)(2), Vision clearance, requires a clear vision triangle of thirty (30) feet on each residential lot adjacent to a street intersection, while the applicant proposes encroachment into the clear vision triangle at the southeast corner of Detroit Avenue and Hamlet Street for the 4-unit dwelling in Site B; and

WHEREAS, Section 3332.18(D), Basis of computing area, limits buildings from occupying more than fifty (50) percent of the lot area, while the applicant proposes an increased lot coverage of ninety (90) percent on Site B; and

WHEREAS, Section 3332.21(D), Building lines, requires the building setback line to be the average distance of building setbacks on contiguous lot or parcels, but in no case less than ten (10) feet, while the applicant proposes building lines of zero (0) feet along Detroit Avenue and eight (8) feet along Hamlet Street on Site B; and

WHEREAS, Section 3332.27, Rear yard, requires a rear yard totaling no less than twenty-five (25) percent of the total lot area, while the applicant proposes a three (3) percent rear yard on Site B; and

WHEREAS, Section 3333.18(D), Building lines, requires a building line of no less than ten (10) feet along Detroit

Avenue, while the applicant proposes to extend the existing building line of two (2) feet on Site A; and

WHEREAS, Section 3333.22, Maximum side yard required, requires that the sum of the widths of each side yard shall equal or exceed twenty percent (20%) of the width of the lot, provided that no more than sixteen (16) feet need be so devoted, while the applicant proposes a total side yard of three (3) feet at the narrowest point of the sum of the side yards on a lot that is one-hundred twenty-six (126) feet wide on Site A; and

WHEREAS, Section 3333.23(b), Minimum side yard permitted, requires a minimum side yard of five (5) feet, while the applicant proposes to maintain no minimum side yard along the west property line on Site A; and

WHEREAS, Section 3333.24, Rear yard, requires that each dwelling, apartment house, or other principal building shall be erected so as to provide a rear yard totaling no less than twenty-five (25) percent of the total lot area, while the applicant proposes a rear yard of seven (7) percent on Site A; and

WHEREAS, the Italian Village Commission recommends approval; and

WHEREAS, City Departments recommend approval because the requested variances allow residential redevelopment that will replace a potentially incompatible industrial site in a predominantly residential neighborhood. The request is consistent with recent infill development projects in historic urban areas; and

WHEREAS, said ordinance requires separate submission for all applicable permits and Certificates of Occupancy for the proposed uses; and

WHEREAS, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at **180 DETROIT AVENUE (43201)**, in using said property as desired; and

WHEREAS, an emergency exists in the usual daily operation in the City of Columbus in that it is immediately necessary to pass this ordinance to begin construction as soon as possible for the immediate preservation of the public peace, property, health and safety; now, therefore:
