1. BACKGROUND

The City of Columbus, Department of Public Service, received a request from Bass Studio Architects on behalf of the property owner asking that the City allow for an awning to project into the public right-of-way. This encroachment is part of a remodeling project located at 246 West Fifth Avenue. The property is owned by 246 W 5th - 1281 Forsythe LLC. The encroachment will protrude into the public right-of-way approximately three feet. The following legislation authorizes the Director of the Department of Public Service to execute those documents necessary for the City to grant this encroachment to legally allow the awning to extend into the public rights-of-way as described below and depicted on the attached exhibit. Installation of this building element will enhance the building and fit into the architectural desire. A value of \$500.00 for the encroachment easement was established.

2. FISCAL IMPACT

The City will receive a total of \$500.00, to be deposited in Fund 7748, Project P537650, for granting the requested encroachment.
