BACKGROUND: Columbus Public Health provides Chlamydia and gonorrhea testing for patients of the STD Clinic and various other clinics in the City of Columbus. Columbus Public Health uses a highly effective DNA probe test kit for Chlamydia and gonorrhea testing. The DNA probe test kit has higher sensitivity, specificity, and transportability characteristics than other types of testing methods. Gen-Probe is the sole provider of the DNA probe test kit, which is the only FDA approved test kit available in the United States.

Columbus Public Health, as a public health agency, receives discounted pricing for these DNA Probe test kits. Emergency action is requested to ensure a sufficient supply of test kits for testing of patients of various clinics. Gen-Probe's contract compliance expires 6/23/12. Their contract compliance number is 330767987.
