Rezoning Application Z09-030

APPLICANT: Wagbros Co., Ltd; c/o David Hodge, Atty.; Smith & Hale; 37 West Broad Street, Suite 725; Columbus, OH 43215.

PROPOSED USE: To construct a four story building containing retail and restaurant uses and 39 multi-family dwelling units.

DEVELOPMENT COMMISSION RECOMMENDATION: Approval (2-1-1) on October 8, 2009.

FIFTH BY NORTHWEST AREA COMMISSION RECOMMENDATION: Approval.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The applicants are requesting a rezoning to the CPD, Commercial Planned Development District to replace a two story mixed use building destroyed by fire with a four story building containing retail and restaurant uses on the first floor and 39 multi-family dwelling units on the top three floors. A similar application, Z09-012, by the same applicant was approved by City Council on July 27, 2009. Since then, an agreement to share parking between applicant and an

adjacent property owner that the Division of Planning & Operations conditioned their approval on has fallen through. Therefore that plan could not be approved for construction. The applicants have revised their proposal to account for their inability to use adjacent parking places by eliminating 2,565 square feet of space allocated for restaurant use. The applicants may or may not have a penthouse as part of the application and thus are asking approval of this proposal with or without said penthouse. The plan approved in the Z09-012 application had a parking variance of 224 spaces while the revised plan would have a parking variance of 190 or 194 parking spaces depending on whether the penthouse is built. The requested CPD, Commercial Planned Development District would provide for a mixed use building consistent with the *Fifth by Northwest Neighborhood Plan* (2009), zoning and development patterns of the area. The only aspects that have changed from Z09-012 is the parking ratio and the addition of the Penthouse. The Division of Planning and Operations supports the revision reducing the amount of space devoted to restaurant use in order to make up for the lost parking.

To rezone **1382 GRANDVIEW AVENUE (43212)**, being 0.81± acres located on the east side of Grandview Avenue, 125± feet north of West Third Avenue, **From:** CPD, Commercial Planned Development District, **To:** CPD, Commercial Planned Development District **and to declare an emergency** (Rezoning # Z09-030).

WHEREAS, application #Z09-030 is on file with the Building Services Division of the Department of Development requesting rezoning of 0.81± acres from the CPD, Commercial Planned Development District, to the CPD, Commercial Planned Development District; and

WHEREAS, the Development Commission recommends approval of said zoning change; and

WHEREAS, an emergency exists in the usual daily operation in the City of Columbus in that it is immediately necessary to pass this ordinance to begin construction as soon as possible for the immediate preservation of the public peace, property, health and safety; and

WHEREAS, the Fifth by Northwest Area Commission recommends approval of said zoning change; and

WHEREAS, the Columbus Public Health Healthy Places program reviews applications for active living features and recognizes this development is very pedestrian friendly and has bike racks for customers and employees who chose an active living lifestyle and for those that have no other alternative; and

WHEREAS, the City Departments recommend approval because the applicants have revised their proposal to account for their inability to use adjacent parking places by eliminating 2565 square feet of space allocated for restaurant use. The applicants may or may not have a penthouse as part of the application and thus are asking approval of this proposal with or without said penthouse. The plan approved in the Z09-012 application had a parking variance of 224 spaces while the revised plan would have a parking variance of 190 or 194 parking spaces depending on whether the penthouse is built. The requested CPD, Commercial Planned Development District would provide for a mixed use building consistent with the *Fifth by Northwest Neighborhood Plan* (2009), zoning and development patterns of the area. The only aspects that have changed from Z09-012 is the parking ratio and the addition of the Penthouse. The Division of Planning and Operations supports the revision reducing the amount of space devoted to restaurant use in order to make up for the lost parking, now, therefore:

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:
