BACKGROUND: This legislation authorizes the sale of a 1994 Com-Fab Trailer, brass tagged as BT17023, to the Department of Commerce, Division of State Fire Marshal for the sum of \$1.00. This trailer is no longer used by the Fire Division for collapse/cave-in rescue operations, and is of no further value to the City of Columbus Division of Fire. While this equipment is no longer used by the Fire Division, the State Fire Marshal has expressed an interest in purchasing this trailer for use in its training operations.

This legislation also authorizes the donation of outdated, yet serviceable self contained breathing apparatus (SCBA) and related parts that were recently replaced by new equipment via the Fire Division's capital budget, to other governmental agencies. Due to the possibility that this equipment could be used for illegal or nefarious purposes, it would not be appropriate to offer this equipment for sale to the general public; however, this equipment has servicable life that would benefit other governmental agencies.
