Council Variance Application: CV13-040

APPLICANT: WTOL, LLC; c/o Donald Plank, Atty; Plank Law Firm, LPA; 145 E. Rich Street, 3rd Floor; Columbus, OH 43215.

PROPOSED USE: Self-storage and vehicle parking and storage.

FAR SOUTH COLUMBUS AREA COMMISSION: Disapproval.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The site is zoned C-4, Commercial District, and is developed with a partially vacant retail center. The requested Council Variance will allow 70,350 square feet of the existing structure to be used for self-storage and the existing north parking lot for vehicle storage. The site is located within the planning area of *Scioto Southland Plan (2007)*, which recommends mixed-use regional commercial development for this location. Although the proposal is not consistent with land use recommendations of *Scioto Southland Plan*, it should be noted that the site will still incorporate retail development in the remaining 24,150 square feet along South High Street. With the proposed site design and incorporation of parking lot screening, Staff is confident that the proposal will integrate well with the area. Furthermore, the requested variance will put a largely vacant tract and

structure back into productive use. This ordinance also provides a variance to the minimum setback of an existing sign from fifteen (15) feet to nine (9) feet that is rendered non-conforming due to right of way dedication. Due to these factors, and the ease of conversion back to retail use if market conditions allow, Staff supports the requested variances and deviation from the Plan's land use recommendations.

To grant a Variance from the provisions of Sections 3356.03, C-4, Permitted Uses; 3312.27, Parking Setback Line; 3372.804, Setback Requirements; and 3377.05, Tables of Elements for On-premise Ground Signs, of the Columbus City Codes; for the property located at **3469 S. HIGH STREET (43207)**, to allow a self-storage facility and vehicle parking and storage with reduced development standards and to conform a reduced sign setback in the C-4, Commercial District (Council Variance # CV13-040). **(REPEALED BY ORD. 2935-2018; PASSED 11/5/2018)**

WHEREAS, by application No. CV13-040, the owner of property at **3469 S. HIGH STREET (43207)**, is requesting a Council variance to allow a self-storage facility and vehicle parking and storage with reduced development standards in the C-4, Commercial District; and

WHEREAS, Section 3356.03, C-4 Permitted Uses, does not permit storage as a principal use, while the applicant proposes a self-storage facility and vehicle parking and storage within an existing, partially vacant retail center as shown on the site plan; and

WHEREAS, Section 3312.27, Parking Setback Line, requires a twenty-five (25) foot parking setback along Williams Road, while the applicant proposes a ten (10) foot parking setback along Williams Road and to permit part of the existing South High Street parking setback to be 0-10 feet due to the South High Street right of way dedication in accordance with the Columbus Thoroughfare Plan as shown on the site plan; and

WHEREAS, Section 3372.804, Setback Requirements, requires a minimum of a ten (10) foot parking setback, while the applicant proposes a 0-10 foot parking setback due to the South High Street right of way dedication in accordance with the Columbus Thoroughfare Plan as shown on the site plan; and

WHEREAS, Section 3377.05, Tables of Elements for On-premise Ground Signs, requires a minimum of a fifteen (15) foot setback, while the applicant proposes the existing South High Street ground sign to remain located at a nine (9) foot setback after right of way dedication in accordance with the Columbus Thoroughfare Plan totaling sixty (60) feet from centerline as shown on the site plan; and

WHEREAS, The Far South Columbus Area Commission recommends disapproval; and

WHEREAS, City Departments recommend approval because the requested Council variance will put a largely vacant tract and structure back into productive use. Although the proposal is not consistent with land use recommendations of *Scioto Southland Plan*, it should be noted that the site will still incorporate retail development in the remaining portion of the building along South High Street. With the proposed site design and incorporation of parking lot landscaping, Staff is confident that the proposal will integrate well with the area. Due to these factors, Staff supports the requested variance and deviation from the Plan's land use recommendations; and

WHEREAS, said ordinance requires separate submission for all applicable permits and a Certificate of Occupancy for the proposed use; and

WHEREAS, said variances will not adversely affect the surrounding property or surrounding neighborhood; and

WHEREAS, the granting of said variances will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variances will alleviate the difficulties encountered by the owners of the property located at **3469 S. HIGH STREET (43207)**, in using said property as desired; now, therefore:

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:
