1. BACKGROUND: This legislation authorizes the Director of Public Utilities to enter into a professional engineering services agreement with DLZ Ohio, Inc., for the Reservoirs Bathymetric Study, in an amount up to \$528,700.00, for Division of Water Contract No. 2062.

This is a contract for Professional Engineering and Surveying Services (Design Professional or “DP” services) to assist the Division of Water in evaluating the available volume in its reservoirs, update area-capacity curves, and evaluate sedimentation rates for its three on-stream reservoirs (Griggs, O’Shaughnessy, Hoover).

The DP will perform bathymetric surveys at the reservoirs using sonar at periods when the reservoir is near or above normal pool. Subsequent computational analysis will evaluate the reservoirs’ capacity and reports, drawings, and models will be submitted to the City to convey the findings.

Community Planning Areas:

Griggs Reservoir: “Northwest”

O’Shaughnessy and Hoover Reservoirs: “N/A”

2. ECONOMIC IMPACT/ADVANTAGES; COMMUNITY OUTREACH; PROJECT DEVELOPMENT; ENVIRONMENTAL FACTORS/ADVANTAGES OF PROJECT:

This project will assess the available water supply storage for the City of Columbus. Assessment of the City’s water supply is crucial for long-term water supply planning and water treatment improvements. Appreciating water supply availability allows water plant improvements to make better use of economic resources. There were no public meetings held regarding this study. There will be no associated improvements and the engineer is responsible for notifying stakeholders when they will be performing the study.

3. BID INFORMATION: The selection of the firm providing the professional engineering services has been performed in accordance with the procedures set forth in Columbus City Code, Section 329, "Awarding professional service contracts through requests for proposals." The evaluation criteria for this contract included:

1. Experience of Team,
2. Ability to Perform Exeditiously,
3. Past performance,
4. Environmentally Preferable Offeror,
- and 5. Local Workforce.

Requests for Proposals (RFP's) were received on December 11, 2015 from DLZ Ohio, Stantec Consulting Services, Woolpert, ms consultants, and Howerton Engineering & Surveying.

An evaluation committee reviewed the proposals and scored them based on the criteria mentioned above. The Department of Public Utilities recommends that the contract be awarded to DLZ Ohio, Inc.

The Contract Compliance Number for DLZ Ohio, Inc. is 31-1268980 (expires 1/2917, MAJ) (DAX Vendor #004939). Additional information regarding all bidders, description of work, contract time frame and detailed amounts can be found on the attached Information form.
