Background: The Emerald Ash Borer (EAB) is an exotic boring insect from Southeast Asia, first identified in Michigan in 2002, that infests and eventually kills trees of the *Fraxinus* genus, more commonly known as ash trees. Once an ash tree is dead, its structural integrity diminishes quickly and it is not uncommon for large limbs to fail on both high wind and calm days without warning. First identified locally in 2003, Columbus is in its 13th year of the EAB infestation. It is estimated that approximately 30,000 ash trees of various sizes exist on City of Columbus property; this includes trees along streets, in parks, golf courses and on several municipal campuses.

In 2011, City leaders, in coordination with the City Forestry Division of the Recreation and Parks Department committed to an organized project approach to address the EAB crisis. To date, approximately 20,000 ash trees have been removed city wide. That is approximately 66% of the estimated public ash tree population.

This ordinance will allow immediate funding for administration, services, supplies, tree replacements, and to remove Emerald Ash Borer (EAB) infested and damaged trees. The supplies, services, and equipment needs that will be paid for as part of this funding request will include, but are not limited to, tree removal contracts, stump removal contracts, tree replacement contracts, cellular service contracts and supplies, office supplies, uniforms, computer supplies, EAB related forestry supplies, and safety equipment. All supply, service, and equipment needs related to the Emerald Ash Borer response have been established as one overall capital improvement approved project. Each direct purchase order, purchase order, or universal term contract will be written separately based on all City of Columbus Codes that apply.

This ordinance is requesting the authorization of \$481,723.12 in voted bond funds and the authorization for the Director of Recreation and Parks to enter into various contracts relating to the EAB management process. This ordinance will establish an Auditor's Certificate and authorize the expenditures for EAB management, park improvements, and the

purchase of needed equipment and supplies. Contracts will be entered in compliance with the relevant provisions of Columbus City Code Chapter 329, however this legislation will set up all of the funding required to enter into contracts with vendors on an as-needed basis. All purchases will be through competitive bidding, through any current universal term contract, or through any current State of Ohio purchasing contract pre-approved by the City of Columbus Purchasing Office, per Ordinance No. 0582-87.

Emergency Justification: In order to continue the EAB removal and replacement program uninterrupted, it is necessary to authorize this expenditure to have the funding and approval complete when bidding on EAB contracts has been finalized. Emergency legislation is requested in order to continue addressing the EAB crisis as efficiently as possible.

Benefits to the Public: Hazardous trees and stumps will be removed, addressing safety concerns in public parks and right of way. Replacement trees will be planted, adding back to the tree canopy that has been lost to the EAB crisis Citywide.

Community Input Issues: Communities and neighborhoods hit the hardest by the Emerald Ash Borer crisis have expressed their desire for the dangerous trees to be removed and replacement trees planted to restore the tree canopy lost as a result of the infestation.

Area(s) Affected: The entire City of Columbus is affected by the Emerald Ash Borer crisis.

Master Plan Relation: This project will support the mission of the Recreation and Parks Master Plan by helping to meet the tree canopy goals established by the City.

Fiscal Impact: : Fiscal Impact: \$481,723.12 is budgeted and available in the Recreation and Parks Voted Bond Fund 7702 and Build America Bonds Fund 7746 to meet the financial obligations of these various expenditures.

To authorize the Director of Recreation and Parks to enter into various contracts for management of the Emerald Ash Borer infestation; to authorize the amendment of the 2017 Capital Improvements Budget; to authorize the transfer of \$474,998.52 within the Recreation and Parks Voted Bond Fund; to authorize the transfer of \$8,435.00 within the Recreation and Parks Build America Bond Fund; to establish an Auditor's Certificate in the amount of \$481,723.12; to authorize the expenditure of \$481,723.12 from the Recreation and Parks Voted Bond Fund; and to declare an emergency. (\$481,723.12)

WHEREAS, it is necessary to authorize and direct the Director of Recreation and Parks to enter into various contracts relating to the Emerald Ash Borer (EAB) management process including park improvements, street tree plantings, and the purchase of needed equipment and supplies through the Purchasing Office for the Recreation and Parks Department; and

WHEREAS, it is necessary to authorize the expenditure and establish an Auditor's Certificates in the amount of \$483,261.78 from the Recreation and Parks Voted Bond Fund; and
