BACKGROUND: The Finance and Management Department, Office of Construction Management, employs personnel that are engaged in overseeing various construction and building renovation capital projects for the City. The staffing costs for the Office of Construction Management are initially expensed to the general fund; however, the portion related to managing capital projects is eligible to be capitalized. Doing so is consistent with earlier efforts by the Office of Construction Management to reimburse the general fund when the general fund has incurred expenses more appropriate to capital improvement funding. Most recently, Ordinance 2624-2023, authorized \$288,050.00 for this purpose. The Office of Construction Management tracks the hours each employee works on individual projects and bills these hours to the associated capital project. This process reimburses the general fund for the portion of staff time attributable to capital projects.

Emergency action is requested so that reimbursement to the general fund can occur as quickly as possible. Up-to-date financial posting promotes accurate accounting and financial management.

Fiscal Impact: This ordinance authorizes the City Auditor to encumber \$275,626.00 within the Construction Management Capital Improvement Fund and \$22,869.00 within the Construction Management Taxable Fund for the purpose of Office of Construction Management staffing costs.

To amend the 2023 Capital Improvement Budget; to authorize a transfer within the Construction Management Capital Improvement Fund and the Construction Management Taxable Fund; to authorize the expenditure of \$275,626.00 from the Construction Management Capital Improvement Fund; and to authorize the expenditure of \$22,869.00 from the Construction Management Taxable Fund in order to reimburse the general fund for construction and building renovation expenses incurred by the Office of Construction Management; and to declare an emergency. (\$298,495.00)

WHEREAS, the Office of Construction Management employs personnel engaged in construction and building renovation activities and these costs can be capitalized; and

WHEREAS, it is necessary to authorize this expenditure in order to provide adequate operating resources for the Office of Construction Management; and

WHEREAS, it is necessary to amend the 2023 Capital Improvement Budget to provide sufficient authority for this transaction; and

WHEREAS, it is necessary to authorize the expenditure of \$275,626.00 from the Construction Management Capital Improvement Fund and \$22,869.00 from the Construction Management Taxable Fund to reimburse the general fund for construction and building renovation expenses, and

WHEREAS, an emergency exists in the usual daily operation of the Finance and Management Department, Office of Construction Management, in that it is immediately necessary to authorize the Finance and Management Director to reimburse the general fund, thereby preserving the public health, peace, property, safety, and welfare; **now, therefore**
